GOVERNMENT ENDEAVORING TO BUY SEAT

Continued from Page 1

The candidate said he would deal particularly with the insidious propaganda of the Liberals in the present by-election campaign. He had tried to nail the Liberals down to policies which affected Canada, but they were slippery fellows, he said, and did not have the driving force to sponsor a policy that would aid the Canadian people.

REPLIES TO LIBERALS

The first propaganda cry of the Liberals was that Dr. MacLean should have been allowed to win this seat by acclamation. Mr. Plunkett said he saw no reason why there should not be political competition at this time to give the electors the opportunity of deciding whom they wanted to represent them at Ottawa, to determine whether they preferred a Liberal or a Conservative standard bearer as their Federal member for this constituency.

The speaker said the Liberals next claimed that Dr. MacLean would have more influence at Ottawa. "Well, let us examine Dr. MacLean's past record. As Premier, he went down to Ottawa to get some lands back for the Province. But he hasn't got them. He made several trips concerning freight rates, but he got nothing.

"The Liberals are holding out the same bait to you, that, if Dr. MacLean is elected, he will be able to secure improvements for this port. I wish to ask you if it is likely that he can do something as a private member that he couldn't do when Premier of British Columbia," Mr. Plunkett said.

Mr. Plunkett asked why Dr. MacLean had all of a sudden developed such a wonderful concern about port and dockage matters. The Liberal candidate was over at the Parliament Buildings long enough to see the boats go by, and what had he done for the port? Dr. MacLean, he stated, suddenly blossomed out from a provincial candidate to an admiral of Dominion politics.

"During the last election campaign, Dr. MacLean claimed that Dr. Tolmie had no experience in provincial politics. Well, I should like to ask you: What knowledge has Dr. MacLean of Dominion politics that would particularly qualify him to represent this riding at Ottawa?" Mr. Plunkett inquired.

MR. WOOLTON HEARD

Mr. R. A. Woolton, the first speaker, said the electorate was told by The Times newspaper that the by-election was purely a local issue. If that were so, why should members of the Federal Cabinet give so much time to the interests of Dr. MacLean's constituency?

"After the last provincial election, the Provincial Liberal Government left the affairs of the province in a 'shocking mess.' During the election the Liberals shot a shell wrapped with the name of MacLean. This proved to be a dud shell. The Liberals have now put the MacLean shell into a larger barrel, but they can't expect anything but a dud shell again. In fact, I doubt very much if the shell will come out of the barrel," said Mr. Woolton, amid laughter and applause.

The speaker inquired why the Provincial Liberal Party allowed Dr. MacLean to leave its leadership to run for the Federal seat here if it had the utmost faith in him.

"This is the first election in Canada for a Federal seat since the election of Herbert Hoover to the United States presidency. Hoover has enunciated a policy of high tariff, and the American tariff will be put higher to the detriment of Canadian business and the added emigration of our people.

"Our greatest protection in Canada lies in a sound tariff policy as enunciated by the Conservative party, and not in a tariff that is swerving from time to time as expediency warrants," he said.

SPEAKS OF DUMPING

Mr. Woolton said that Victoria was actively concerned in the business interests and the agricultural pursuits of those in the city and the adjacent districts. The growth of hothouse products had been prejudiced owing to the inability of the Liberal Government at Ottawa to act in their case. It was time the anti-dumping clause was put into effect, not so that the greenhouse men, the poultrymen and the hothouse growers could make an exorbitant profit, but in order that they could make a living.

"In 1926 the electors of British Columbia showed good sense in voting down the policies of Mr.

Splendid Recipe To Stop A Cough That "Hangs On"

The best cough remedy that money could buy, can easily be made at home. It saves money and gives you the most reliable, quick-acting medicine you ever used. The way it takes hold of stubborn coughs and chest colds, giving immediate relief, is astonishing.

Any draught can supply you with 25¢ ounces of Eno's Fruit Salt, 16 oz. bottle, and fill up with plain granulated sugar syrup or strained honey. It's no trouble at all to mix, and when you once use it, you will never be without it. Keeps perfectly and tastes good—children really like it. It is surprising how quickly this home-made remedy loosens the germs, the inflamed membranes. At the same time, it soothes the inflamed throat, where it acts directly on the bronchial tubes, and helps the system throw off the whole trouble. The best cough remedy which usually follows the "flu," are promptly cooled.

Flu is a highly concentrated compound of genuine Norway Pine, containing the active agent of eucalypti, in a refined, palatable form, known in medicine as more helpful in cases of severe coughs, chest colds and bronchial troubles. Do not accept a substitute for Eno's. It is guaranteed to give prompt relief or money refunded.

IMMIGRATION NOT NEEDED JUST NOW

Dr. J. D. MacLean, at North Ward School, Defines His Attitude on Several Questions

That British Columbia does not need any immigration at all at the present time, is maintained by Dr. J. D. MacLean, Liberal candidate for Victoria in the Federal by-election. Addressing an audience at North Ward School last night, Dr. MacLean made a definite pronouncement of his views on this subject of immigration, approaching the topic via the exclusion policy toward the Chinese and Japanese adopted by the Liberal Government.

"For the last four years no Chinaman has been allowed into Canada; too many came before," he noted. "The Japanese may only enter at the rate of 150 or 175 a year, by special arrangement with Japan. We do not approve of the Orientals coming into Canada simply because they are a people we do not assimilate, and we do not intermarry with them. We are trying to build up in British Columbia a breed of Canadian which will be British for all time, so we must only let into this country people who are, or can be made, British in sentiment, not necessarily British people to begin with, but people with whom we will be willing for our sons and daughters to intermarry, and who will come to love and admire our institutions. Let us have only people we can assimilate.

"I would like to ask, in fact, do we need immigration at all? To my mind we do not want immigration until all our own people are in satisfactory positions. And when there is room for more people, let us first of all invite our own people, and after that such people as will assimilate with our own and become like our own."

REPLIES TO CRITICISM

Dr. MacLean again replied to some of his opponents' criticisms, particularly that which had "accused" him of previously having done anything to urge harbor and dock development here. This was true, the reason being that these matters had nothing whatever to do with the Provincial Government. It had also been said that in promising to work for harbor development he was exercising bribery. But this surely was no crime, for without foreign trade no country ever had progressed, and foreign trade and harbor development went together.

Dr. MacLean next touched on the Liberal tariff policy. History showed that in practical politics there was very little difference between the so-called low tariff policy of the Liberals and the so-called high tariff of the Conservatives. In the last thirty-two years the Liberal party had been in power for twenty-three years. The Conservatives and the Union Government for nine years. The difference in that time between the Conservative and Liberal tariff policy was the difference between 24 and 23 per cent. The Conservatives maintained that with their "high" tariff there would be more employment because of the resulting protection to industry, but the worst period of unemployment which British Columbia had seen for some time was during the Conservative regime in 1912, 1913 and 1914. If the establishment of a high tariff would have remedied unemployment, why did not the Conservatives raise the tariff during that time?

DEFINES BY-ELECTION ISSUE

"As a matter of fact," pursued Dr. MacLean, "the tariff has no influence on unemployment. I maintain that tariff should not be introduced into politics at all. It is a question which should be settled by independent commission, and not during an election of this kind. The only question to be settled at this time is whether the candidates shall be sent to Ottawa, my opponent or myself. If I am not sent to Ottawa, Ottawa will immediately conclude that Victoria is not a 'progressive' town, and will act accordingly by not troubling themselves about these. But if I am elected, the Federal Government will see that Victoria wants these improvements, and will interest themselves. But remember, in this by-election you are only voting on local issues."

Comparison of conditions in the United States with those of Canada was no part of the effect of a high tariff or a low tariff policy. The United States, which came into the war more than two years after Canada, had used the proceeds of those prosperous years to build up industry after the war. That was one explanation of her apparent prosperity. On the other hand, one could demonstrate sound conditions in Canada by comparing the number of business failures in the two countries, this showing only sixty-five in Canada last year to every one hundred in the States. Life insurance business was another good test of prosperity in a country, and in Canada...

NEFAARIOUS PRINCIPLE

The Victoria electors were being asked to support Dr. MacLean on promises that if they did so, port developments would take place here. "It is just this policy of promising that is spoiling Canada. It is the most nefarious principle that ever emanated from any democratic party, and the smallest piece of politics ever played on the nolemp, namely, that if they did so, port developments would take place here. It is just this policy of promising that is spoiling Canada. It is the most nefarious principle that ever emanated from any democratic party, and the smallest piece of politics ever played on the nolemp, namely, that if they did so, port developments would take place here.

A PRACTICAL MAN

Mr. Brady said that in Mr. Plunkett Victoria had a man who would be a credit to the Capital City and the Conservative party. His voice in the House of Commons would be heard much louder than was Dr. MacLean's when the latter, as Premier, went to Ottawa. Mr. Plunkett was a practical man, who had a broad knowledge of affairs.

"If Victoria, after sending the Liberal party out of power in British Columbia, which it rightly did, turns now and sends to Ottawa Dr. MacLean, who failed in the smaller field, it would be a reflection on the high intelligence of the people of Victoria. But the city won't do it," Mr. Brady said.

In closing, Mr. Brady urged Conservatives to be true to their party and principles, and forgetting the little petty things, elect Mr. Plunkett and thereby endorse the tariff policy of the party under Mr. Bennett's leadership.

Mr. Almslie J. Heincken, who acted as chairman, urged all the voters to go to the polls on election day. "Don't adopt the attitude, 'We are so certain of victory.' Go to the polls, and urge your friends to do so, too, and give Mr. Plunkett a big majority."

ada 150 policies were taken out for every 125 in the States.

"I am not a free trader. I believe in a certain amount of tariff. But I don't believe in making millions of a few at the expense of the many," Victoria's Liberal candidate told his audience.

Mr. Robert Dinwiddie occupied the chair, and Captain Garw Martin opened the meeting with a short address supporting the candidature of Dr. MacLean.

STRENGTH OF KING IS WELL MAINTAINED

Continued from Page 1

The bulletin read: "The King passed a less disturbed day. His temperature was somewhat lower than at the corresponding hour last night. His strength was maintained."

Both physicians of the King remained for dinner at Buckingham Palace tonight after seeing His Majesty and issuing the bulletin. It is understood that the King was able to obtain some sleep during the day and it was this favorable circumstance which resulted in the slight improvement noted in tonight's bulletin. It was stated that the Palace officials viewed tonight's news as reassuring and hopeful. In this connection it was noted that the Queen of Spain, a cousin of the King, went to the theatre tonight.

FREE STATE SENDS MESSAGE

Despite the cold day a large crowd stood tonight outside the Palace awaiting word of his recovery. The Executive Council of the Irish Free State sent to the Palace a resolution of sympathy for the King and his family and hope for a speedy recovery.

Messages to the Dominions' office show that the illness of King George is received with deep concern throughout the Empire. Messages of sympathy and expressing hope for his recovery are being constantly received.

EUROPE SWEEP BY STORM FROM WEST TO ASIA

Continued from Page 1

to drag life lines across the stranded vessel, but were unsuccessful.

IN BELGIUM

Brussels reported tonight that as the gales decreased in volume, the situation became less critical in the flooded sections, especially at Antwerp, where warehouses were under water. Several weeks, however, will be needed to drain flood waters from some of the fields. There are six feet of sea water in many places. The river Meuse which had risen six feet in twenty-four hours receded slightly, but additional rains today caused further alarm throughout the middle of Belgium. The total damage will amount to many millions of francs. The Government has created an emergency fund for relief of storm and flood victims.

The Belgian towns of Termonde, Greimbergh and Moerske were almost completely under water and provisions becoming scarce for the beleaguered inhabitants. Antwerp was in a serious plight from the breaking of pipes undermined by the floods. Potable water sold at four cents a quart, while exorbitant prices were charged for mineral waters. Many big plants such as General Motors and Heil Telephone started water distillers. Restaurants and hotels were running low on food supplies.

From Antwerp to Vlissingen along the banks of the Scheldt the countryside for miles was under from four to six feet of water. Food was carried to the marooned people, some of whom were taken off after spending thirty hours in isolation. Six drownings have been reported.

IN SOUTH EUROPE

The gales have reached the Mediterranean and Eastern Europe with violent storms raging in the Aegean and Black Seas. Several vessels have been unable to make the port of Piraeus and others were damaged in collisions.

Constantinople suffered from the gale which has blown for three days in that district and Anatolia, destroying telegraph and telephone communications and hampering shipping in the Bosphorus. Similar reports have been received from the Black Sea and Sea of Marmora.

The beauty of the world, the order of the celestial system, the revolution of the sun, of the moon, of all the stars, indicate sufficiently, at a very glance, that all these things were not merely accidental.—Cleero.

LIGHT IS ENDED OF SPIRIT OF AUSTRALIA

ATHENS, Nov. 27.—Captain Hurry, whose airplane, the Spirit of Australia, crashed here yesterday as started for France, was admitted

to a local hospital today suffering from a slight head wound. His condition was satisfactory. The plane in which Captain Hurry and two companions were making a round trip, Australia-England flight, was so badly damaged that it will not be able to continue the flight.

PREMIER HAS ENGAGEMENTS ON MAINLAND

Will Be at University This Afternoon, and at Two Gatherings in Connection With Winter Fair Later

TO MEET PUBLICITY BUREAU THURSDAY

Premier Tominie left last night for the mainland, and will be in and about Vancouver for the next two days. At 3 o'clock this afternoon, Dr. Tominie is to unveil the memorial window in the University library.

Later he is to attend the meeting of the livestock breeders of the province, who will assemble at the Winter Fair. The Premier is to address this gathering. The subject of purebred livestock is one with which he has been very closely associated all his life, and all matters connected with that branch of agriculture are very well understood by the Premier.

In the evening, at 8:30, he will officially open the Winter Fair. The following day the Premier is to address the Publicity Bureau of Vancouver. The livestock breeders' meeting at the Exhibition building will be only one of the many gatherings which will be held there during the progress of the fair. The potato growers are to hold a meeting on Thursday evening to discuss matters connected with the industry.

CANADIAN BIBLE SOCIETY TO MEET

The annual meeting of the local branch of the Canadian Bible Society will be held this evening, beginning at 8 o'clock, in the Metropolitan United Church. The chair will be taken by the president, Rev. Henry Knox. There will be a brief business session, when the treasurer's report will be read, and the election of officers will take place. An illustrated lecture, "Colportage in China," will be given by Rev. Nelson A. Harkness, Vancouver. Music will be supplied by the Metropolitan choir, and Mrs. S. M. Morton will be the soloist. City ministers will take part in the meeting, this being made possible through the merging of their respective midweek services in this city gathering.

Hon. R. B. Bennett Accepts Invitation To 'At Home' Here

MR. D. B. Plunkett, Conservative candidate in the federal election, yesterday received a telegram yesterday from the Hon. R. B. Bennett that he and Miss Mildred Bennett would be in Victoria on Tuesday, December 4, and would attend the reception on Wednesday, December 5, to which they have been invited as special guests, together with Mr. Plunkett. This reception will take place at Amphion Hall, beginning at 2:30 o'clock.

KEEN INTEREST SHOWN IN BIDS

NICOMEN ISLAND PROTECTION WORKS CONTRACT ATTRACTS ATTENTION

Early Announcement on Award of Tenders for Undertaking Is Expected

The tenders for the Nicomen Island protection works were opened in public yesterday afternoon in the Parliament Buildings, with a very considerable number of interested persons present representing the various tendering firms.

There were seven tenders on the proposition. The work will be awarded, it was announced by Hon. N. S. Loughheed, with as little delay as possible, in order that the work, which must be rushed to completion without delay, may be started at once.

Mr. Loughheed, following the opening of the tenders, pointed out that in public yesterday afternoon in the Parliament Buildings, with a very considerable number of interested persons present representing the various tendering firms.

There were seven tenders on the proposition. The work will be awarded, it was announced by Hon. N. S. Loughheed, with as little delay as possible, in order that the work, which must be rushed to completion without delay, may be started at once.

The minister expressed the hope that, by the following afternoon, he would be in a position to make the announcement as to the successful bidder.

Mr. Loughheed thanked the contractors for attending in such numbers, and manifesting an interest in the plan which had been adopted. "We are trying to carry these matters out as fairly as possible, and appreciate the interest that the contractors are showing in it," said Mr. Loughheed.

The tenders were divided into two sections—Three and Four. In the case of the latter there are four subsections: A, B, C, and D. In one instance the tendering firm stipulated that its tender was to be regarded as being for only one section of the work tendered for, as the equipment would not be sufficient to handle the whole undertaking in the time. This was the firm of Harrison & Lamont Co.

The tenders were as follows: S. S. MacGillivray & Co., Ltd.—\$75,179.85 for the two sections. Harrison & Lamont Co.—\$47,827 for Section Three; \$50,333 for Section Four; only one section to be taken. Fraser Construction Co.—\$28,706 for Section Three; \$21,582.74 for Section Four; \$49,614.86 for the whole work. Fraser River Pile Driving Co.—\$13,674 for Section Three; no tender for Section Four. King, Moncrieff & Co.—\$51,092.10 for Section Three; \$62,031.16 for Section Four; total \$112,293.27. Dawson, Wade & Co.—\$44,088.80 for Section Three; \$41,043.10 for Section Four; \$81,300.35 for the whole work. General Construction Co., Ltd.—\$26,797 for Section Three; \$25,363.80 for Section Four; \$47,043.92 for the whole work.

PRINCE RUPERT GETS BIDS FOR ITS PLANT

PRINCE RUPERT, Nov. 27.—The following bids have been received for Prince Rupert's municipally-owned hydro-electric plant: Crompton Parkinson Company, London, England, \$350,000 for hydro-electric; \$50,000 for telephones. E. A. Forbes, Rhineland, Wis., \$385,000. American State Public Service Company, Los Angeles, \$400,000, hydro-electric; \$125,000 telephones. Nesbitt, Thompson, Montreal, \$375,000 hydro-electric. The council will analyze the tenders before taking any decisive steps.

The final speech of the evening was given by the metropolitan archbishop, the Very Rev. Timothy Casey, who echoed the sentiments of other speakers and paid a high tribute to the coadjutor as a leader in his field.

Blue Ribbon Coffee
Always Reliable

STRATFORD PLAYERS ARE HUGELY ENJOYED

Royal Victoria Theatre Certain to Be Popular During Remainder of Week

Mr. L. W. Brockington, a Calgary critic of obvious ability, says of the Stratford-upon-Avon Festival Company: "I called this company a band of brothers, and sisters. They act in harmony and union. The centre of the stage is occupied by a character and not by a star. Every player is interested in what the other says and does. There has been no better example of co-operation in this province than the work of this company—every player, alive, and a partner in the action."

There should be no need to supplement Mr. Brockington's remarks, which come as near the truth as any the amazing performances of this company, could reasonably expect to do. For the last two nights Victoria has had the chance of seeing the works of the greatest playwrights of the world as they ever known, presented in such a way that the magnitude of the lines, although they lose nothing in the delivery, are forced to take their designedly subdued place in the construction and evolution of the story.

Last night, the fortunate people who went to the Royal Victoria Theatre and saw the performance of "Richard the Third," were asked to transport themselves into a fifteenth century atmosphere, where they might revel in what may be described as a Lon Chaynesque drama with all the thrills left in, all the wastefulness cut out, and a perfect manipulation of their mother tongue, by perfect manipulators thrown into the bargain.

It is possible that Dickens and Shakespeare, meeting in a celestial world, where struggling authors are taken at their proper valuation, may have discussed the relative values of "Uncle Tom's Cabin" and "Richard the Third," as the most repulsive villains of literary conception. It would be interesting to see Mr. George Hayes in a theatrical interpretation of any of the former characters, but it would not be possible to conceive that he would better his performance of last night.

By turns servile, dominant, caustic and caustic, dignified and dignified, a somewhat fascinating figure, clanking nervously at his danger with a paralyzed hand, distorting all around him, and haunted by the ghosts of his past.

It must not be thought, however, that this is a play which one man carried on his shoulders, and in which he predominated. Each member of the cast was a star, which had such absolute control over its individual rays, that the result was one of perfect harmony without a lashing note or discord in the entire performance.

It is unlikely that Victoria will have an opportunity of seeing dramatic work of this standard of perfection for some time to come, and there is no doubt, judging from the reception of "Richard the Third" last night, that the Royal Victoria will be the most popular place in the city during the rest of this week.

ARCHBISHOP IS GIVEN WELCOME

Representatives of Church and of Vancouver City Give Greeting to Newcomer

VANCOUVER, Nov. 27.—A distinguished gathering representing every religious body in the City of Vancouver filled to capacity the ballroom of the Hotel Vancouver tonight at the public reception of Most Rev. William Mark Duke, coadjutor archbishop of Vancouver. Following the opening remarks of the chairman, Mr. Justice Dennis Murphy, addresses of welcome were given by Alderman John Bennett, representing the council; Mayor-elect W. H. Main, the Very Rev. A. K. MacIntyre, V.G.; Archbishop A. U. De Pencier and Bishop Bunoz, of Prince Rupert.

Archbishop De Pencier and Rev. MacIntyre greeted Mr. Duke on behalf of the clergy of Vancouver. Mr. Duke, in reply, thanked the speakers for their welcome and said he hoped to have their co-operation in his new field of endeavor.

The final speech of the evening was given by the metropolitan archbishop, the Very Rev. Timothy Casey, who echoed the sentiments of other speakers and paid a high tribute to the coadjutor as a leader in his field.

This Life!

By J. H. Striebel

Can you imagine such treatment? Of course not. It is a awful misdeed, but she doesn't seem to understand a lot of things.

RESCUERS TAKE INJURED MAN TO UCLUELET

Horse Dies While Pre-emptor Is Critically Sick in Lonely Cabin—Relief at Eleventh Hour

CART USED TO BRING ASSISTANCE

While Mr. Peter Hillier was returning from visiting his trap line on Friday, he called in to see Mr. Charles Hughes, a pioneer settler living on his pre-emption some ten miles to the west of Ucluelet. Hillier found Hughes confined to his bed in a very serious condition, unable to procure food or fuel for himself. After caring for the sick man as well as he could, Hillier walked into Ucluelet for help. In the morning he returned with five others from the settlement.

It was believed at first that the sick man could be conveyed to the village by means of his horse and cart, but on searching for the animal it was found dead not far from the cabin.

Despite the inclement weather and the bad condition of the trails and road, the six rescuers with the sick man in the cart managed with great difficulty to cover the ten miles, arriving in Ucluelet just before midnight. Mr. Hughes is now under the doctor's care, and stands a fair chance for recovery.

YOUNG GIRL TEACHER TO BE GUARDED

Continued from Page 1

little assistance may be rendered a teacher so placed would be to have the co-operation of the Provincial Police, who would be instructed to make calls at the schools while carrying out the other duties of their office, and take note of any complaints that the teacher might have to impart.

The details of the assistance that will be given teachers situated in out-of-the-way places will, of course, have to be worked out, but the Minister of Education is a resourceful man, and there is no need to doubt that he will find suitable solutions for all the difficulties faced.

PROMPT ACTION

The action taken by Mr. Hinchcliffe has been prompt. When the sad occurrence took place at Cowichan Lake he at once instructed Inspector May, of the department, to proceed to the place and act for the department in carrying out an investigation, and in watching the proceedings at the inquest.

When the report of Mr. May was obtained, the minister took the prompt action allowed under the act, and ordered the trustees' board to cease to function, and replaced that body by naming Inspector Stewart as the sole trustee of the district.

Now follows action on the part of the minister that is intended to preclude the recurrence of such a thing, or any other unfortunate condition in connection with the schools of the province.

Don't Let That Cold Turn Into "Flu"

That cold may turn into "Flu," Grippe, or, even worse, Pneumonia, unless you take care of it at once. Rub Musterole on the congested parts and see how quickly it brings relief as effectively as the messiest old mustard plaster.

You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

MUSTEROLE
WILL NOT BLISTER
Better than a mustard plaster

STOCK EXCHANGE SPECULATION

The frenzied activity on some of the stock exchanges is bound to have a bad reaction. In the readjustment process, when real values will gradually assert themselves, thousands of speculators will lose money, and in many cases losses will be involved that cannot be afforded. It is simply a case of a few weeks or a few months before the reaction comes. It has come always before and must come again, for it is the doom of any fever which obliterates the distinction between investment and gambling. Stock exchange booms are caused by the "something for nothing" appetite, the desire to make a fortune without working for it. Such booms are not interfered with by Governments, perhaps because they are recognized as an outlet for the gambling propensities of mankind.

Stock exchange booms are not indigenous to any particular locality or any nation. What is happening in New York today is happening in London as well, and in both money centres the time is approaching when, as The London Express says, "the upward movement of securities will hesitate, will falter, will come to an abrupt stop. Prices will come tumbling down, many fortunes made on paper will be lost in hard cash, real values will gradually reassert themselves, and a sadder nation, with depleted pockets, will turn to the greatest investment in the world—hard work." Booming of prices has been going on for the past twelve months. It has drawn into its vortex what were hitherto staid and sober investors, who used to be satisfied with 5 or 5-1/2 per cent on their investments. They have sold out of these in order to gamble with the proceeds. New company flotations have made an especial appeal to investors of this type by introducing shares of low denominations. The cupidity of the small speculator is being catered to and, The Yorkshire Post says, "of such shares have become, as they were intended to become, mere gambling counters, and stand at premiums in the market that can never be justified."

The situation that has arisen through booming of stocks is one causing a good deal of uneasiness to bank managers and "cautiously-minded brokers." These are the people who have most to do with the giving of advice about investments. In any boom their advice is often neglected, and while they foresee the end they have lost the power of arguing with their clients with any effect because prices continue to advance. It is difficult for them to explain that stock exchange booms are based on expectations for more than upon realizations, and "are produced by the necessity of finding employment for money which would otherwise be idle." Of the condition that is created The Yorkshire Post says: "Directly trade really begins to revive, the profits to be made in trade itself take this money away from securities, and do not immediately perhaps, but by a gradual process which deprives the boom of its supplies of fresh fuel, and a sagging tendency sets in." Stock exchange booming is not, and never can be, an enduring basis unless it deals alone with a revival in the fortunes of basic industries; even in that process there are fluctuations that ultimately will prove valueless and in which investors lose their all. What speculators forget is that while they can buy any time, there are periods, and often prolonged ones, when they cannot sell at all, not even at a heavy loss. The gambling fever on the stock market is a pernicious disease which is bound to leave its mark on both the pockets and the morals of those who are infected.

BY-ELECTION ISSUES

The visit here of Messrs. J. A. Robb and James Malcolm, respectively Ministers of Finance and of Trade and Commerce in the Federal Government, has at least picked the balloon d'essai which purported to show that only local issues are involved in the by-election of December 6. If the Ministers are to be believed then the record of the Mackenzie King Government, ever since it came into power, is to be voted on by the citizens of Victoria. Both Mr. Robb and Mr. Malcolm concentrated their attention on varied phases of governmental activity; they gave, in fact, an historical review of what they claim has been accomplished under the Liberal regime at Ottawa. Mr. Malcolm devoted a good deal of his time to praising his colleagues in office, to dealing with trade expansion, but in little either he or Mr. Robb said there anything to show that there are other causes at work in Canada's advancement as well as the "benign influence" of Liberal administration.

Mr. Robb, in supporting the Liberal candidate here, dealt largely with the finances of the Dominion. He has the reputation of being a capable Finance Minister, and he has been helped materially in the task by a series of bountiful harvests. He lays claim to the merit of having brought about tax reductions. Such reductions were logically to have been expected because the heavy imposts needed for war-time financing could not remain always as an incubus on the people. Any Government would have accomplished the same results. Some Governments would have done more. What the Ministers did not tell the people of Victoria were certain obvious things. For instance, they omitted to state that post-war trade development derived encouragement from the restoration of the merchant marine to its peace-time duties, and from the concentration of industrial energies, previously devoted to war, to work in the realm of peace. A Government which, in the years immediately succeeding a great war, lays the flattering unction to its soul that it, and it alone, has been responsible for the industrial blessings of peace is nothing if not satisfied with itself. It was, however, that smug satisfaction which marked the utterances of the Ministers. Their speeches were paeans of praise to the Cabinet of which they are a part. Most of the controversial issues

of the day were treated lightly, or glossed over. Messrs. Robb and Malcolm were concerned in painting the rosiest of possible pictures.

In what the Ministers left unsaid there is cause for disappointment among the Liberals of this constituency. They avoided local issues. In their estimate of the by-election campaign there are only issues which can be termed national. They have promised no port improvements for Victoria. They have promised no efforts to secure amendments to the Canadian-Australian Trade Treaty so as to foster the trade of the ports of Victoria and Vancouver. They have not, in other words, sustained the profic promises being made by local Liberals of all the advantages which would accrue in the event of this city reneging its Conservative faith. The banquet table awaited their coming but the viands they brought were not the gifts which their supporters here had been anticipating. The fare lacked the sauces which would have whetted the appetites of this city's voters.

The Ministers came and saw for themselves, so far as they were able to judge, what are the prospects in the local by-election. The speeches they made were prepared long before they reached the scene, and they saw no cause to change them to dovetail with the wishes of local Liberals. They could not recognize the argument that only local issues were at stake. Now Victorians know that, even from the Liberal standpoint, they will be voting on national issues, since no promise is held out by either Mr. Robb or Mr. Malcolm of any particular local benefits that will ensue if a supporter of the Federal Government is elected. It was apparent from the first that in this by-election campaign, as in all others in the Dominion wherever they arise, national issues are on the tapis. They must be, especially at a time when we are within measurable distance of a Federal general election. The tariff problem, embodied in the minds of Conservatives with the National Policy, is the main issue here in the present campaign. Neither Mr. Robb nor Mr. Malcolm has said anything which is likely to change the attitude of Victorians on this major problem of the Dominion.

Victoria's port development—as well as the economic well being of Canada—depends very largely on fiscal policies. It is a question of putting the Dominion in a position, through protection, to compete with other countries and to foster manufacturing at home. In other words, do Victorians want a whole-hearted endorsement of the National Policy—"Canada for Canadians"—or a continuation of the tariff tinkering that has marked the fiscal administration of the present Government at Ottawa? That administration, which will be on trial here on December 6, has led to an exodus of hundreds of thousands of our citizens, because of certain policies which Messrs. Robb and Malcolm have endeavored to bolster up and defend. The prosperity Canada wants is that which will ensure work for her citizens throughout the length and breadth of the land, nurtured by those policies which will prevent our people ever being placed in the position of having to emigrate to secure a livelihood. Economic stability in this respect has not been given to the Dominion by the present Liberal Government.

A DARK DREAM

For a dream's sake it leith bruised and broken,
Life's perfume rose, that showed so fair a bloom!
That passion-flower, each petal-pink a token
That love's red glow would all my life illumine.

For a dream's sake, hushed are all glad voices,
The thrill of joy, the clear sweet song of hope!
No "Zauber-flote" in my world rejoices
As slow and sad my step goes down the slope.

For a dream's sake, the light has faded in Heaven,
That sparkled long ago on land and sea;
And darker grows the sky, with storm-clouds driven,
As if to pour their wrathful floods on me.

Only a dream! but sorrow came with waking,
For love and hope and faith alike were lost;
All the billows of despair were breaking
Over my shipwrecked spirit, tempest-tossed.

Yet, oh dear dream, I would not e'er forget thee,
Though my poor realm is flowerless, grey, and cold;
Bitter yet sweet it is aye to regret thee,
Oh for the rose, the song, the light of old!

—M.B., in Chambers' Journal.

History, like geology, demands the use of the imagination, and in proportion as the exercise of historic imagination is rigorously performed in thinking of the past, will be the breadth of our conception of the changes which the future has in store for us, as well as the length of time and the magnitude of effort required for their perfect achievement.—Viscount Morley.

Everywhere the human soul stands between a hemisphere of light and another of darkness on the con-
fines of two everlasting hostile elements—necessity and free will.—Thomas Carlyle.

A healthful hunger for a great idea is the beauty and blessedness of life.—Jean Ingelow.

Note and Comment

By R. E. D.

Santa Claus, with his rosy cheeks, white whiskers and jolly laugh, is on his way to Victoria. The most popular of all the Saints would have been in Victoria already if he had not been waylaid and held up in Vancouver. Probably Vancouver would have prevented Santa from coming to Victoria at all if it could, because Vancouver likes to appropriate all good things and persons and keep them for her own uses and purposes. That is pretty Vancouver's way. Big Santa Claus is a very determined old gentleman notwithstanding his jolly laugh and good-natured looks. Even Vancouver cannot lock him up and prevent from fulfilling his annual mission to children.

So Santa will be in Victoria at the appointed time, possibly a week or two before the appointed time. In the old days when he traveled from the far and frozen North on a sleigh drawn by three reindeer Santa never arrived anywhere before Christmas eve. Now he travels by airplane and arrives weeks before his once-appointed time. But at whatever time he arrives he will be well-laden with the season's gifts for the children of Victoria.

This is the season of peace and goodwill. We have been told that even the Government of Rt. Hon. William Lyon Mackenzie King at Ottawa is full to the brim and running over with goodwill towards the people of Victoria and the people of the whole of British Columbia. If that statement is true it demonstrates how permissive and corrective is the spirit of Christmas, for during the season which preceded the season of Christmas the Government at Ottawa put forth no sign that it was filled with benevolent sentiments towards the people of British Columbia. In fact the Government seemed to prove by its actions that it was animated with feelings of resentment towards the people of British Columbia.

Well, there will be an election in Victoria within a few days, and Rt. Hon. William Lyon Mackenzie King, in the guise of Santa Claus, has sent three of his Cabinet Ministers out here, all laden with gifts and bursting with expressions of goodwill for the electors of Victoria. Hon. J. Robb, Hon. J. Malcolm and Hon. J. King are all here, and Hon. J. MacLean is their candidate—four J's all in a row—and they are as liberal in their promises of what they will do for Victoria, under certain conditions, as the Greeks were said to be when they bore gifts to win the goodwill of neighboring nations. The electors of Victoria will of course remember that neighboring nations were warned to beware of the Greeks when they came bearing gifts.

Being somewhat sceptical, if not actually cynical, we do not believe in the perpetual spirit of Christ-mas that is responsible for the change of attitude of the King Government to the people of Victoria and British Columbia. There would have been no change in the hostile attitude of the Government if there were not an election pending in Victoria and it were not considered a very important thing against a pending general election to win an important constituency in a province which is almost solidly Conservative in its political convictions.

The Government does not covet this important constituency because it is weak in Parliament and needs additional support. It is putting strong forces in this constituency and is promising the electors everything they ask for and more because it feels that in view of the generally ascertained political feeling in the country it will need every seat it can win and keep when it makes the next appeal to the country. It is not the immediate effect of a victory in Victoria that is considered important by the Government. It is the moral and the remote effect it considers important.

Hon. J. D. MacLean is not an important factor in the election. Personally no doubt Dr. MacLean is an estimable citizen; but personalities have nothing to do with the case. It is the record of the King Government that must be taken into account when the electors cast their ballots. Every vote cast for Dr. MacLean will be a vote cast in endorsement of the policy of the King Government as it affects British Columbia. Will it be in the true interests of British Columbia by voting for the Government candidate to endorse the record and the conduct of the Government?

Much has been written of late about the effects of "whispering campaigns." The electors of Victoria are being taken into corners and told in confidence that this by-election is of no importance because it can have no effect upon the strength of the Government. But when the Government sent three of its Cabinet Ministers out here in private cars with instructions to spend money and make promises without restriction in order to win the seat it demonstrated that it considered the result of the election of the utmost importance. That

The Stratford-Upon-Avon Players

By DAVID GRIEVE TUCKWELL

What hallowed memories gather round
The town where our great bard was born—
Who taught us unalloyed deeps to sound;
To scale the heights, and greet the morn.
Shakespeare, who read the human heart,
As never bard before had done;
Whether in field, or court, or mart,
Resplendently his genius shone.

How fitting that there should arise
A theatre, where might be heard
The young Dane's plaint, old King Lear's cries,
Fair Portia's plea, harsh Shylock's words.
And what more natural we should crave
Some little part in this great plan,
To honor this supremely brave,
And loyal-hearted Englishman.

So Stratford Players, here's our hand,
And here's a trifle from our purse.
We're yours—sons of the Motherland—
Kindred for better or for worse.
God bless you in your noble task:
Prosper the plans you have in view;
And when you leave us, we would ask—
"Full and complete success for you!"

Victoria, B.C., November 25, 1928.

is the point the Conservatives must keep in the forefront of their minds and constantly emphasize.

Letters to Editor

No letter to the Editor will be inserted except on the printed signature and address of the writer. This rule admits of no exceptions.

A WORD OF APPRECIATION

Sir—In this ably-edited column I wish to express hearty commendation of the work of the Social Service League of this city. Many families have recently recited to me the sympathetic and helping service they have received from it.

Commendation of efficiency in an interdenominational organization is worth recording.

JOHN GOLDIE.

1151 McClure Street, Victoria, B.C., November 26, 1928.

A MOTHER'S VIEWPOINT

Sir—Will you do me the favor of printing the enclosed letter to F. C. Turner in answer to his re miscounting of Armistice Day.

Those brave fellows got too little of it is coming to them, and I would like to see them in the ranks of the League of this city. Many families have recently recited to me the sympathetic and helping service they have received from it.

R. E. BROWN.

418 Kennedy Street, Nanaimo, B.C., November 24, 1928.

Dear Mr. Turner—As a mother of one of the many who paid the supreme sacrifice in the Great War, let me thank you for your letter to The Colonist, re Armistice Day. You are a true Britisher and have the right spirit. It is for such as you that we mothers still pray, and thank God for your safe return.

I did for me women then, and assure you that I for one shall never forget or cease to value it.

I often wonder if you brave, splendid fellows realize what that awful experience and faithfulness to the call of duty did for you. I have seen it over and over again. You are the only ones who have a just conception and judgment of the things around us, the broad, square-minded view, which I feel we shall stand in sore need of sooner or later, and I thank God continually that we have still a few of you left to us.

I also have heard some of those who ministers talk and were forced to the opinion that they would only have been a disgrace to the khaki if they had worn it, while such men as you adorned it.

I would like to be able to take the hand of each one of you and thank you for your greatness and the greatness of the you did.

ROSA E. BROWN.

ARMISTICE DAY SERMONS

Sir, Mr. Turner, of Ganges, wrote, in your last Friday's issue, against the preaching of peace on Armistice Day. He argued that that day should be observed only as a day of remembrance for those who died in the war.

Now the British Empire went into war largely for the purpose of ending war for all time; certainly a large number of those who joined her armies and were killed had this as one of their strongest motives for fighting. Surely then, the best way in which we who are left alive can remember them, is by carrying on the work they so nobly began, by continuing the fight, only now with our minds and not our bodies, to bring universal peace to the earth.

Again Armistice Day is also surely a day of thanksgiving for the blessing of peace. Those of us who have spent long years in the trenches remember well that on that eleventh day of November 1918, our one and only feeling was "Thank God, this is over at last!" Surely the best way to express the spirit of thanksgiving is to work, and work strenuously, on that day above all others, that this blessing of peace may continue to be enjoyed by this generation and by the generations that are to come.

A. B. AVERILL.

Hon. Secretary, League of Nations Society in Canada and late B.E.F.

1503 Rockland Avenue, Victoria, B.C., November 26, 1928.

A CORRECTION

Sir—With a view to correcting some very erroneous and misleading statements contained in a letter published in the last Sunday edition of your paper under the heading, "Docket Facilities," I would like to state that the writer of that letter apparently knows little or nothing about the subject upon which he has written.

The facts are as follows: The over-all or extreme length of the Ss Seaport (now occupying the inner section of the dock) is 394 feet. The length of the inner section of the dock with caisson in inner berth is only 328 feet. It is obvious, therefore, that she must occupy part of the centre section.

The writer also stated that he un-

derstood that only fifteen feet more room was needed for Ss. Albion Star. The facts are as follows: Length of ship, 364 feet; length of only section of dock available, 374 feet.

It is hoped that these facts will satisfy the public mind as to the impossibility of docking the last-named vessel. And further, may I state that both the Government staff in charge of the operation of the dock and the local contractors who are responsible for securing contracts, and also for docking such vessels, are thoroughly competent, and also very much alive to the fact that the more contracts they can secure for this port means greater prosperity for all concerned.

No one felt it more keenly than they when it was found impossible to place Ss. Albion Star in drydock here.

A. J. DANIELS.

Docking Superintendent for Yarrow, Limited, Esquimalt, B.C., November 26, 1928.

FRIENDSHIP OF BOOKS

Sir—I sometimes wish that a friendly welcome could be given to those books of mine which reside upon other people's shelves, but books, like umbrellas, seem to be regarded as "legitimate prey," to be returned or not, as we think fit. Good books are real friends, to be treated with respect, and we miss their familiar faces when they are too long absent from us—it is even said that absence makes the heart grow fonder. A friend of mine tells me that out of a complete set of volumes by a well-known author, only two or three remain to her, the others have been lent, or borrowed by "friends"; they have never been returned! Would it not be a good idea if we sometimes examined our book shelves and restored such trespassing volumes to their rightful places of abode? After all, it may be assumed that we possessed ourselves of our books because we wanted them for our own use, being willing to share our pleasure with others.

It is commonly conceded that those things which we obtain most easily are valued most lightly. There is certainly no deficiency of reading matter (good, bad and indifferent) in this twentieth century. Perhaps this accounts for the poor treatment so often meted out to books, as the following experience will show:

Last week I picked up a volume in the Public Library which originally possessed twenty-four illustrations. Of these eighteen had been deliberately removed by some inconsiderate reader. Three other volumes picked out at random had shared a somewhat similar fate. While more valuable books have been deliberately removed by some inconsiderate reader, and it is unfortunate that those who so misused their privileges cannot be discovered and forbidden the convenience of a public library.

DORA KITTO.

315 Sayward Building, Victoria, B.C., November 24, 1928.

OVERHEARD IN A GARDEN

The Lily whispered to the Rose:
"The Tulip's fearfully stuck up;
You'd think, to see the creature's pose
She was a golden altar cup.
There's mischief in her madness too,
She catches twice her share of dew."

The Rose into the Tulip's ear
Murmured: "The Lily is a sight—
Don't you believe she powders, dear,
To make herself so saintly white?
She makes some trouble, is plain,
Her reputation to sustain."

Said Tulip to the Lily white:
"About the Rose—what do you think?"
Her color? Should you say it's quite:
Well, quite a natural shade of pink?"

"Natural!" the Lily cried, "good saints!
Why everybody knows she paints!"
—Oliver Herford.

The Rhyming Optimist

By Aline Michaels

MY CALENDAR
My calendar is never more
From reckonings dull and dry
Of suns and planets as they stray
Across the boundless sky.

Not so do I compute the days
Of Summer, Autumn, Spring;
I only know where Phyllis strays
The flowers start blossoming.

And when she wanders far away
The world grows very drear;
Though calendars may call it May,
Winter is with me here.

My calendar is, thus, apart
From that which science knows,
And reckoned wholly by my heart
As Phyllis comes or goes!

Silver, Crystal and China

Just because the carefully chosen varieties of English silver, crystal and china to be found at Weiler's bear names of celebrated makers—it would be a mistake to imagine that gifts of this quality are beyond your purse.

You'll find that there are actually thousands of these quality gifts priced at a dollar or two—or less!

The fifteen-ton generating unit for the new B.C. Electric power plant at Jordan River, has reached its final resting place in the powerhouse recently constructed within the face of the main diversion dam, situated seven and a half miles above the mouth of the river.

The transportation of this unit from Victoria to the place of installation involved a considerable amount of work and preparation. Unloaded from the E. & N. Railway yards, it was conveyed to the Victoria Machinery Depot, where a powerful derrick was at hand of which it was lifted and placed upon a scow. The next step was to tow it down the Strait of Juan de Fuca to the mouth of the Jordan River. The scow was berthed in the estuary of the river at a point convenient to that portion of the new West Coast Road constructed last summer. Here it was unloaded, placed upon a specially built truck, and, by means of caterpillar tractors, hauled over several miles of road to the forebay, two miles of which road consisted of a 10 per cent grade. At the forebay it was unloaded onto the company's narrow gauge railway and, by means of a powerful gasoline locomotive, conveyed five miles up the winding valley of the river to the main diversion dam.

Special precautions were taken to strengthen all trestle bridges over which the railway passes. Seventeen transmission poles, also, had to be moved to allow a clear passage for this unit, the journey thus being accomplished without mishap of any kind.

As the new power plant is on the opposite side of the river to the terminus of the railway, the next step was to convey the unit over the rocky bed of the river, and bring it into position for installation in the power plant. This was accomplished by taking advantage of the fact that the flume crosses the river near this point, and leads directly into the new power plant. Accordingly tracks were laid on the top of the flume, which had previously been suitably strengthened, and the unit was thus conveyed by rail from the forebay right into its final resting place, without a hitch of any kind.

Work on the actual installation of the unit is now proceeding rapidly, and company officials announce that it will be placed in full operation next month.

**TAYLOR ADMITS
STEALING BOOTS**Accused Is Remanded for Sentence
Until This Morning—Has Had
Record With Police

Appearing before Magistrate George Jay in the city police court yesterday, Robert Taylor pleaded guilty to a charge of stealing a pair of rubber boots from the Esquimalt & Nanaimo Railway sheds at Russell Street, and was remanded for sentence until this morning.

Detective William Stark, who with Detective Marcus Phillips placed the accused under arrest, told the court of the reported entrance into the shed, and the theft of the boots, which were the property of one of the employees there.

City Prosecutor Claude L. Harrison intimated that Taylor had a total of four years and nine months in the reformatory on different occasions.

The case of John Neale, charged with forging a cheque to the value of \$200, drawn on the Royal Bank of Canada, was further remanded until this morning to give the accused an opportunity of conferring with a lawyer.

**Landing Place
For Seaplanes
Gets Approval**

If the city was prepared to make the necessary provisions for the handling of seaplanes, flight-Lieut. H. Hull, of the British Columbia Air Station at Jericho Beach, told city officials yesterday there should be no trouble in obtaining a licence for the city to operate a municipal airport for seaplanes at Raymur's Point, situated between the G.P.R. wharves and the Bapco Paint Company.

Flight-Lieut. Hull was conducted over the proposed site by Mayor J. Carl Pendray, Alderman John Harvey, and John Baxter yesterday morning, the property adjacent to the waterfront and the foreshore rights belong to the city. Two local petroleum firms have offered to install the necessary landing equipment.

The location would be purely a temporary one to meet the city's needs until such time as a more permanent municipal airport could be established, which would accommodate not only seaplanes but land planes, too.

**TELEPHONE GIRLS
LISTEN IN ON WIRES**

MONTREAL, Nov. 27.—Unless operators handling service over the lines of the Tourists and Riviere du Loup Falls Telephone Company cease "listening in" when subscribers are talking, the Quebec Public Service Commission will order their dismissal en bloc and their replacement by others chosen by the commission itself, according to an ordinance handed down by Adrien Betourag, K.C., chairman of the commission.

Earthly Purgatory for 45,000 Frenchmen

FEW places in the world have seen so much concentrated and prolonged human misery as the French penal settlement on Devil's Island in French Guiana. Some 45,000 white Frenchmen have passed through this purgatory since it was founded sixty years ago. Of all the penal buildings none presents a more harrowing spectacle than the insane asylum illustrated above. To its walls are chained the wretches who go mad under the tortures of the equatorial climate and the horrors of prison life. Inset in the illustration is a picture of Dr. Pierre Bougrat, the Marseilles murderer, who recently escaped from Devil's Island where he was serving a life sentence.

**MR. C. WALKER
DIES IN CITY**His Mining Interests During Long
Lifetime Covered Large Section
of Province

The funeral will take place this afternoon at the Royal Jubilee Hospital, at the age of seventy-seven. For upwards of thirty years he had made his headquarters here.

Born in Herefordshire, England, Mr. Walker migrated to Minnesota in 1871, and for four years was employed in the lumber trade. He returned to Victoria in 1883. Then he turned his attention to the north, being associated with Osmond Ferguson in mining in the Queen Charlotte, on the West Coast, and in Atlin. Later they were associated in the Bridge River district of the Lillooet, and at Ferguson Creek.

Following a paralytic stroke, Mr. Walker came here to reside at 2712 Fernwood Road. He is survived by three brothers, Harry, on Devonshire Road; James, on Bay Street, and Thomas, at Gordon Head. There are also nephews and nieces in Victoria and elsewhere in Canada and England.

Rev. F. A. P. Chadwick will officiate at the funeral, which is fixed for 2 o'clock from the Sands Funeral Chapel. The remains will be buried at Royal Oak.

**Smithers, B.C.
Benefits Under
Tolmie Regime**

The Omicron Herald, published at New Hazelton, under date of November 21, contains information which indicates that the hand of the new Government of British Columbia is being felt in all parts of the province. The item is as follows: "Strange as it may seem, the first place in Central British Columbia to gain a direct financial benefit by the advent to power of the Conservative party is the place which has been most consistent in voting against 'em—Smithers."

"Some years ago a family by the name of Belknap, who had a pre-emption near Telkwa, went to live for a time within the boundaries of the village of Smithers. While there the provincial police took their three children from them, and by a magistrate's order they were given into the care of the Children's Aid Society in Vancouver. Payment for their maintenance was ordered to be made by the village of Smithers, as being the municipality in which they were taken into custody. This amount was \$3 per child per week, and was later increased to \$4, and amounted to about \$300 each year. The village felt this an unjust imposition on the finances of the town, more especially as the Belknaps moved away from Smithers immediately after the order was made. The matter was brought before the late Government at different times, but no redress was obtained. Since the change of Government, however, the Attorney-General has reversed the policy of his predecessor and directed that no village is to be held liable for the maintenance of neglected children. In the light of this the magistrate has amended his order accordingly."

BOUQUART—Funeral service will be held at the Thomson Funeral Home, 1625 Quadra Street, this afternoon at 2:30 o'clock for Frank Crosscup Bougart, who passed away at an early hour Sunday morning. The funeral will be under the auspices of Camosun Lodge, No. 60, A.F. & A.M. Interment will be made at Royal Oak Burial Park.

STOCKER—The funeral of Mrs. Gladys B. Stocker will take place Thursday afternoon. Service will be held at the Thomson Funeral Home, 1625 Quadra Street, at 2:30 o'clock. The remains will be laid to rest in the family plot at Ross Bay Cemetery.

OLSON—There passed away after a short illness, at Los Angeles, on November 25, Mrs. Margaret Cochran Olson, aged thirty-one years, born in Scotland and a resident of Sidney, B.C. for fifteen years. Mrs. Olson (nee Bowman) was a graduate of the Provincial Jubilee Hospital class of 1920. She is survived by her father and stepmother, resident at Le Touquet, Breche Crossroad, Sidney, B.C., her husband, two sisters and two brothers. The remains will arrive in this city on Saturday, and will be conveyed to the S. J. Curry & Son Funeral Home. Funeral service will be held Monday afternoon at 2:30 o'clock from Holy Trinity Church, Patricia Bay. Interment will be made at Patricia Bay.

SYKES—The remains of Mrs. Lucy Maillid Sykes, who died on November 26, at Haywards, B.C., may be forthcoming before the delegation leaves for Ottawa to take up there the proposed aid by the Federal Government.

There were present yesterday in the Parliament Buildings City Engineer C. Brackenridge, of Vancouver; Reeve J. W. Cornett, of South Vancouver, and Major J. R. Grant, consulting bridge engineer.

**TWO FLOORS CAVE IN
IN VATICAN QUARTERS**

ROME, Nov. 27.—Two floors in the quarters of the Papal Guards of the Vatican caved in this morning.

The accident caused considerable alarm to persons in the papal suite, and measures were immediately taken to test the stability of floors and ceilings in the pope's private apartments.

**AUTOMOBILES WITH
LIQUOR ARE SEIZED**

BELLINGHAM, Wash., Nov. 27.—A third cargo of liquor, supposedly destined for holiday use on the Pacific Coast, was sidetracked here today by deputy sheriffs. They jailed Harry E. Alberta, twenty-six, Portland, Oregon, on a charge of running the border with sixteen cases of whisky. Alberta was the third automobile seized with a load of Canadian liquor here in seven days.

**Dr. MacLean's
Candidature
Public
Meetings**Mr. B. C. Nicholas Tells Kivansians
Everyman Should Take Interest
in Government of Country

A fundamental duty of every citizen is to take an interest in the welfare of the country and the laws of the country. "Mr. B. C. Nicholas, past president of the Victoria Kiwanis Club, stated yesterday, in addressing the Kivansians at their luncheon meeting in the Empress Hotel ballroom on the topic, "The Individual's Responsibility to the Community."

Mr. Nicholas recalled the fact that at the last civic election there were 12,000 names on the voters' list entitled to vote for mayor. Only 4,636 voted. On the referendum for industries about 2,000 voted of the 9,500 entitled to vote. Those who neglected their duty to themselves or to the community, he declared.

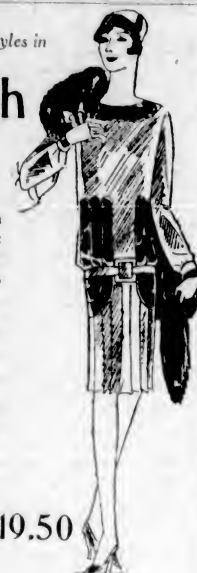

President C. Elwood Watkins announced with regret the death of Mrs. Carl Stocker, and a resolution of sympathy will be sent to Kiwanis Stocker.

Gratifying results were reported by the president from the members adopting T.B. seals for mailing. Dr. T. Harry Johns rendered a group of vocal solos, which were greatly enjoyed.

New and Surprisingly Smart Styles in

**Jersey Cloth
Dresses**

Applied trimmings in brightly colored futuristic motifs is but one of several interesting new effects; others simulate a tweed-like weave, yet they are undoubtedly Jersey cloths. Strictly tailored styles; colors and patterns that vary from simple browns, greys and blues to the most striking of multi-colored designs. A display of surprises—and excellent values.

Mayors are not always happy in their choice of words. On one occasion a mayor, presiding for the last time at a meeting of his local council, said:

"I have come to the end of my 'morality' and am pleased to return to the freedom of my former life."

SIR BRUCE BRUCE-PORTER, K.B.E., C.M.G.,
points out
Yeast combats constipation
without recourse to drugs

"Constipation is an unnatural condition resulting from incorrect dietary and the cause of more misery than any other bodily condition. The lack of Vitamin B is one of the chief causes of this state. Even those who eat wholesome bread will find benefit from a daily dose of yeast as an additional supply. Yeast is not in any sense a drug. It is a very valuable article of diet."

James Bruce-Porter

THE above is an extract from a lecture by Sir Bruce Bruce-Porter, K.B.E., C.M.G., one of the best known of English physicians and a prominent worker in the field of preventive medicines.

Sir Bruce is as well known in America as in England on account of his labor for the benefit of humanity.

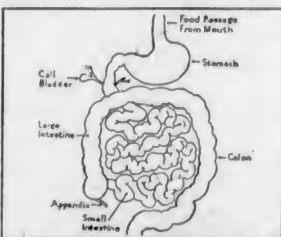

Many doctors now say that constipation is one of civilization's great curses, that 90% of human ailments start in clogged intestines. Colds, sore throat, headache, bad breath, bad skin, and "nerves" may follow.

How easy to prevent all this and build greater vitality. Keep your entire intestinal tract clean, active and healthy with fresh yeast—Fleischmann's Yeast—which helps eliminate the poison-bearing wastes. Half the doctors reporting in a recent survey

throughout the United States, said they prescribed yeast for constipation and all its ills.

Eat Fleischmann's Yeast three times a day, one cake before each meal or between meals—plain or in water (hot or cold). Yeast is a food, as fresh as any garden vegetable. Unlike dried or killed yeast it contains millions of living, active yeast plants. As they pass daily through the intestine they combat poisons, purify.

To get full benefit you must eat it regularly and over a sufficient period of time. At all grocers and many leading cafeterias, lunch counters and soda fountains. Buy two or three days' supply at a time and keep in a cool dry place. Start today. The Fleischmann Company, 1170 Burrard Street, Vancouver, B. C.

From throat to colon is one continuous tube. You can see at a glance why clogged intestines may spread poisons to all the rest of the system; why 90% of ailments start here. This is where yeast works. Doctors say, "For lasting beauty, health and happiness, keep this passage clean, active and healthy with fresh yeast."

(Diagram shows from "Troubles We Don't Talk About," by Dr. J. F. McQuinn, J. B. Lippincott Co., Philadelphia, Publishers.)

FLEISCHMANN'S YEAST
for HEALTH

Made in Canada by Fleischmann

RAILWAYS OF CANADA EQUAL WORLD'S BEST

President of C.P.R. Gives Statistics Illustrating Efficiency and Magnitude of Operations

EMPLOYEES MAKE WORLD RECORD

TORONTO, Nov. 27.—Post-war years, and particularly the last few years, have brought out two conspicuous changes in transportation, said E. W. Beatty, chairman and president of the Canadian Pacific Railway, last night at a banquet of the Transportation Club of Toronto.

"The first change," said Mr. Beatty, "is the improved efficiency of railways in Canada and in the United States, enabling quick and certain delivery and the consequent conduct of business on an almost day to day basis, thus relieving industry of the necessity of keeping large stocks on hand. The second development has been the engagement of experts by industries. As a result of this, industry and transportation meet and co-operate."

Touching briefly on railway taxation, Mr. Beatty pointed out that his company paid in taxes in 1927 a sum of \$7,358,000, an increase of 430 per cent on what was paid in taxes in 1923, when the aggregate paid in taxes was \$1,382,000.

"In these days," said Mr. Beatty, "when we are so accustomed to read of figures in millions, it is not easy to picture just what the 1927 tax amount meant to our company. It means, however, that last year we disbursed in taxes alone \$20,160 per day; \$840 per hour; \$14 per minute."

At this point Mr. Beatty emphasized the fact that it was difficult to

bring home to the average business man the realization of just how low a return the company's earnings involve, because, while it is known to most investors, it is not generally appreciated that the maintenance of the present dividend of 7 per cent from railway earnings is due entirely to the extraordinarily low capitalization of the company.

GREATEST IN N. AMERICA

"Now for the extent of our activities: We delivered 654 tons of revenue freight and we sold 360 passenger tickets every ten minutes of 1927. During the same period we moved the equivalent of 315,000 tons of revenue freight a distance of one mile. Every ten minutes we also moved 3,000 passengers one mile, as well as 20,000 cars one mile and 904 trains one mile. Visualize that activity in a period of time that we consider as practically nothing, even in our busy lives."

"The daily payroll of the C.P.R.," said the president, "is \$287,000. The daily disbursement for material and supplies is \$220,000, and the daily tax bill is \$30,000. Applying this same basis to the total expenditure of all railways in Canada last year, we find the total sum disbursed exceeded \$50 for every man, woman and child in the country. This means that the railways are engaged in the most important single industry in Canada."

"Each of the railways, in spite of the newness of the country, exceeds in magnitude and activity the greatest of American roads. Each of the two larger companies is a railway company, a colonization company, a steamship company, a hotel, telegraph and express company, and in all phases of their operations contribute and reflect the success of every Canadian industry."

CLEAN RECORD

"If there is a country whose future prosperity is linked with transportation efficiency it is this Dominion. I doubt, too, if there exists in any industry men of greater loyalty, alertness, resourcefulness and integrity than the employees of Canadian railways. A special report was made in connection with the Canadian Pacific covering five years of work in the checking and auditing of agency accounts. That report showed that the amount written off owing to defalcations

Candidates Will Hold Meeting in Pantages Theatre

MR. Herbert Anscomb, candidate for mayor, announced yesterday that he and Mr. John Dean, another aspirant for the office, would hold a joint meeting in the Pantages Theatre, on Government Street, on December 10. The meeting will be opened at 7:30 o'clock, but the candidates will not speak until 7:45. The first half hour of the meeting has been reserved for Alderman Percy R. Brown. Mr. Anscomb stated. Also during the evening an expert on the city manager question will be heard. Mr. Anscomb stated that he would hold a meeting of his supporters in the board room of the Belmont House tonight at 8 o'clock. All those interested are invited to attend.

of agents was \$237.05, while during this period the total amount credited to agents by the treasurer exceeded \$1,033,000,000. I doubt if any record is shown in any country, in any part of the world, which is cleaner and more gratifying."

U.B.C. LIBRARY RECEIVES GIFT

Memorial Window Will Be Unveiled by Premier Tomlin

At the University Library at Point Grey today Premier Tomlin will unveil the beautiful stained-glass window, which is in commemoration of the completion of the sixty years of national life which Canada has enjoyed.

The window is composed of nine panels, and faces the concourse of the inner hall of the library building. The legend inscribed on the window is "Canadian Jubilee Memorial, 1867-1927." The ground work of the design is a series of squares in three shades of antique amber glass. Let into each panel are the arms of eight of the nine provinces of Canada, with the arms of the Dominion in the central panel. Each of the coats of arms of the provinces is surrounded by a wreath characteristic of the province.

From left to right they are arranged as follows: Alberta, a wreath of prairie roses; Saskatchewan, entwined wheat plants; Manitoba, anemone petals; Ontario, maple leaves in Autumn coloring; the Dominion, her coat of arms; Quebec, the blue flag, New Brunswick, pine leaves and cones; Prince Edward Island, the foxglove; and Nova Scotia, apple leaves and blossoms.

This beautiful window was designed by Messrs. Sharpe & Thompson, architects for the university, and was subsequently modified by the Bromsgrove Guild in consultation with Mr. Ridington, the librarian. The contract for the work was given the Canadian branch of the guild in Montreal, and the work was executed in England. The cost of the window is \$1,600.

The Jubilee Memorial window is the gift of a friend of the university who desires to remain anonymous. It will indeed add greatly to the beauty of the University Library Building. The gift is greatly appreciated by the board of governors, the senate and the university at large.

Announcements

St. Andrew's Cathedral Bazaar to be held in the showroom of the Begg Motor Co., Yates and Quadra, Friday and Saturday, Nov. 30, Dec. 1, afternoon and evening. A large variety of fancy and useful articles for sale, games, amusements, etc. Big tombs, fourteen prices. Don't miss this.

Should You Need Treatment from Mrs. Hanman, do not wait month after month before consulting her. All the time the trouble is steadily growing worse. Fear neither expense nor result, relieve your mind by calling at the office today, 503 Bayward Building.

The Richmond Beauty Parlor, corner Richmond and Leighton Avenue, has opened and is operated by Mrs. J. McCann, who, though possessing a certificate in beauty parlor work, has had considerable additional college tuition in Seattle and Vancouver.

Look After Your Health—Try the Original Wilshire I-on-a-co Belt. The treatments are simple and inexpensive. The results will astonish you. Office hours, 12 noon to 6 p.m. Phone 2362, 504 Bayward Building.

S.P.C.A. Annual Meeting to be held Thursday, December 6, at 8 p.m., at the society's office, 40 Arcade Building, for the election of officers for the coming year. All cordially invited.

Rainbow Bazaar: The Women's Guild of St. Andrew's Presbyterian Church is holding its annual bazaar in the lecture room of the church on Saturday, December 1, at 2 p.m.

Olive Thomas, expert operator, California experience, is now with Harry Stewart, hairdresser, Christy-Hall Building, 640 Fort Street, Phone 1382.

St. Mary's Oak Bay Ladies' Guild Christmas Bazaar will be held in St. Mary's Hall on Thursday, November 29, at 3 o'clock.

The Beautycraft Salon—Steam permanent wave, an ideal Xmas gift. Guaranteed satisfactory. 732 Fort Street. Telephone 466.

Lavender Perfume and Sachet put up by Mrs. O. M. Jones for sale exclusively at Miss Livingstone's, 621 View Street.

The Beehive—The best place for dolls, Large Mama, 26 inches long, \$1.49; large jointed doll, \$1.79.

Miss Carr's Studio, 646 Simcoe Street, open to public, November 28, 2 to 10. Pottery exhibit.

Shoen Polish Really Polishers. Ask A. E. Smith, 502 George Road.

City & District

Contract Let—The Victoria Cold Storage & Terminal Warehouse, Ltd., has let the contract for electrical wiring of its plant at Ogden Point docks to Hawkins & Hayward, a local firm. There were several outside tenders that were lower than the local firm's bid, but Hawkins & Hayward was awarded the contract in order to keep the business in the city.

B.C. Safety League Delegation—A delegation from the British Columbia Safety League, with headquarters in Vancouver, waited upon the Government yesterday with a request for financial assistance in its work in hand. The Government promised consideration of the claims of the organization, and will give an answer later. The delegation consisted of Mr. P. C. Abell, manager of the league; Mr. George Webster, Mr. W. Dinsmore and Mr. Fred Mason.

Message to Buckingham Palace—Through Government House, Ottawa, His Honor the Lieutenant-Governor is being kept informed of the progress of His Majesty's illness, and to Lord Stamfordham, His Honor has cabled the following message: "Please convey to His Majesty the deep sense of anxiety which has been aroused throughout the Province of British Columbia. We all dutifully join in fervid prayers for his recovery." This message has been acknowledged, with a quotation from the day's bulletin.

NEW NOVEL FROM PEN OF H. A. KENNEDY TO BE PUBLISHED

A novel with the alluring title of "Unthought Adventure," written largely in Vancouver and Victoria, where the author has a host of friends, is being awaited with great interest. It is from the pen of Howard Angus Kennedy, always an interesting and distinguished writer, and widely read in the United States as well as in Canada. He is now president of the Montreal branch of the Canadian Authors' Association, but he is still better known as an enthusiastic Westerner, and has a farm in Central Alberta. His last published volume was "The Book of the West." His "Unthought Adventure" is to be published by L. Carrer & Company in December, but had the honor of being chosen by the Carillon Book Club of Ottawa as the book of that month for its members.

FOKKER PLANES TO BE MADE IN CANADA

MONTREAL, Nov. 27.—Announcement was made here last night by George Barr, vice-president and general manager of Canadian Vickers, Limited, Montreal, that his company had come to an agreement with the Fokker Aircraft Corporation of America, whereby the Fokker-Universal, Super-Universal and P-10 types may be built in Montreal for sale in Canada and Newfoundland. The several types designed by Canadian Vickers will be manufactured in the United States under the plan.

It is expected that practically noiseless motor buses will shortly be an accomplished fact. What a relief to know that we shall now be knocked down and run over in peace and quiet.

'40'—The Danger Age For Most Men

Mark Ill-Health of Later Years Due to Neglect of Conditions First Noticed in Middle Life

With middle-age ailments attacking over two-thirds of those past forty, it is time every man who notices such distressing symptoms as lameness, pains in back and down through groins, scanty but frequent urination, "stiff-up" nights, nervous irritability and lack of force—should at once try the amazing value of Dr. Southworth's URATARS. While new to many, the truly remarkable value of URATARS has been proven for many years of successful use. Reports from doctors and users alike offer convincing evidence. "I never found anything to help my case until I tried URATARS." URATARS are the best thing for bladder weakness and irritation I have ever tried. "No more backaches, no more pain, no more daily embarrassment or getting-up-nights." I now sleep soundly and get up in the morning full of pep—thanks to URATARS!—This is amazing evidence! No matter how long you have been troubled or how long your case may seem to be, a ten-day test of Dr. Southworth's URATARS offers comfort and relief—and you can make the test without risk of cost, for any good druggist will supply you on guarantee of money back if not satisfied. Try URATARS today! (Adv.)

Christmas Sale

On Friday and Saturday of this week, a Christmas bazaar in aid of St. Andrew's Cathedral will be held in the showrooms of the Begg Motor Company, Yates and Quadra streets, continuing both afternoons and evenings. The bazaar will be opened on Friday afternoon by Mrs. S. P. Tolmie. Booths of fancywork, plain sewing, art goods and a 25-cent stall will be in charge of a committee of ladies. A candy stall and fish pond for the children, and other games in charge of the Knights of Columbus, and the Young Men's Institute. Refreshments will be served and soft drinks will also be for sale. On Saturday evening fourteen valuable prizes will be given away, and at each stall there are special prizes to be competed for, as well as a three-tier Christmas cake.

Birthdays

The annual birthday tea and gift exchange will be held by the Ladies' Guild for Sailors this afternoon from 3:30 to 6 o'clock in the large hall of the Victoria Connaught Seamen's Institute, Superior street. A special musical programme has been arranged by Madame Clau-

Velvet Vies With Other Afternoon Fabrics

ANSWERING the demand of the feminine mode for a rich soft-draping fabric, velvet continues to vie with other materials such as du crepe, for afternoon models. Velvet in its gorgeous monotonous and fascinating dimpled prints is far too lovely to be displaced in smart fashions for tea, bridge or the theatre.

A favorite at the moment is a gleaming domestic velvet run through in plaid design with a gold thread. However much one sees of prints where modish women fore- rather, the charm of the single tone velvet is apparent.

Dot, Spring and Summer favorites are ingeniously used to further the colorfulness of patterned velvet, and it is said that they do not falter in their important contribution to prints for the forthcoming Spring. So if dots strike your fancy, do not deny yourself the opportunity to indulge in this caprice of prints.

Small dots of two or more colors do much to enliven lustrous deep shades of velvet in imported patterns. The effect is doubly smart in this piled fabric. And in black and white the result is quite different.

In two-piece styling is the attractive frock at the left, the black and white pattern picked up and given brilliance by a cerise piping and jeweled belt buckle.

For the woman preferring the classic beauty of plain velvet in a frock equal to any daytime occasion, a dress after the manner of that in the center is ideal, embracing simple bodice, swathed hip and flaring skirt with dipping side portions. A touch of color is introduced in the jabot.

Subtly modern is the square spotted design of the third frock of transparent velvet with a becoming neck treatment in three tones of crepe repeated at the tight wrist of the long, closely fitting sleeve.

Monotone velvets of the moment are most popular when collared with alencon lace in surface fashioning or in the large beret type.

Coats for Motoring

Fur-Trimmed Tweeds and Soft Leathers Elaborately Stitched Are Among Most Popular of Hard-Wearing Motor Coats—Warm Linings Important

Motoring by women has been the cause of the disappearance of much that was untidy in day clothes, so much so that out-of-door coats are now of an almost standardized simplicity. For the same reason fur-trimmed tweed top-coats, leather coats, and neat tailored frocks have become neater than ever.

Many of the new leather coats are adaptations of cloth and tweed models. In soft nappa leather, they are dyed in many colors, of which the favorite is a pleasant warm brown. There are some good reds, greens, light and dark, and bottle green, and blue, but brown is the most frequent. The more elaborate coats are often trimmed with beaver, nutria, Chinese lamb, sable dyed squirrel flank, or other hard-wearing furs. The shape of the collar and cuffs is largely influenced by current town fashions, though cuffs are windproof. Leather coats are mostly lined with woolen material, but sometimes with squirrel flank.

FUR-TRIMMED TWEEDS

Stitched leather and clever piecing-in, such as is seen on tweed top-coats, is a feature of the more elaborate nappa leather coats. These lend themselves to a tailored decoration because of the softness of the skins which is useful due to better working. Some of the best are stitched to give a quilted effect, and others are stitched in contrasting colors. A handsome blue nappa coat has been stitched in grey wool, and trimmed with grey lamb. Another in burgundy has been stitched in beaver tones and trimmed with beaver. Some are made with a flared skirt to give ease, and all have a wide wrap-over for warmth. Large colored buttons to match the leather decorate pockets, and belts are set in. Leather coats, in fact, can be handsome and decorative as well as useful. For those who prefer tweed there are tweed coats lined and trimmed with fur and made to withstand wind and weather. The

Further Donations To Hospital Shower

The following donations have been received by the Women's Auxiliary of the Provincial Royal Jubilee Hospital, in connection with their annual linen shower, held a few days ago: \$2. Mrs. J. H. Todd, pillow slips, Mrs. W. Head, services, Mrs. J. Wilson, bath towels, Mrs. B. Tyrwhitt Drake, two dozen bath towels, Canadian Legion.

Macauley Club to Hold Annual Dance

Amphion Hall, on Yates Street, will be the scene of the annual dance of the Macauley Club, which is to take place on Friday. This dance, which has been held each year by the members of the Esquimalt Club, has proved one of the interesting social events of the year, and an energetic committee is planning to make this occasion as enjoyable as previous functions. An excellent orchestra has been engaged, and a good programme provided. The catering has been placed in the hands of an experienced caterer. A decoration committee has taken charge of the work of adorning the hall, and other features of the arrangements are being planned. Tickets for the dance may be obtained from the secretary, Major Sisman, or members of the club. The committee on arrangements comprises Mrs. Silburn, Mrs. Wilders, Miss S. Burton, Major Gordon Smith, and Messrs. J. D. Locke and Hobson.

Young Thieves Jailed

WINNIPEG, Nov. 27.—Campaigning against shopbreaking by youths, Winnipeg authorities sent three youths to jail today and held six others for trial on theft and burglary charges.

Paul Kalizak, Peter Antonio, and Wasy Streika, who a week ago confessed to a long list of thefts, were today sentenced to eighteen months.

Mrs. Newlender rushed in from the kitchen, a smoking pie-dish in her hands. She placed it on the table in front of her husband. "There, dear," she cried, "that's a cottage pie."

"I'd have known it was cottage pie," he remarked, after the first few mouthfuls. "You asked, delighted."

"Yes," he replied. "I can taste the thatched roof and the crazy paving. But what did you do with the chimney bricks?"

Old School To Be Restored As Museum

Post No. 1, Native Sons of British Columbia, and Post No. 3, Native Daughters of British Columbia, have been granted a lease of the old Craigflower School and grounds for the purpose of restoring the building and opening it as a museum housing therein early records and relics of the district. The grounds, on which Lord Willingdon planted a dogwood tree, are to be further improved and used as a park. It is felt, particularly fitting that native-born citizens should take it upon themselves to renovate such a time-honored edifice as this one remaining pioneer schoolhouse of British Columbia and that all interested will assist the first effort of the local posts to raise funds for this object.

A committee composed of Mrs. S. J. Stapleton, Mrs. R. A. C. Grant, Miss Eva Mess, Miss K. Wilson, Miss Anna Mason, Dr. G. B. Mess, Mr. P. Waller, Mr. C. Gardiner and Mr. G. Church have arranged a bridge and five hundred party to be held in the Amphion Hall, Yates Street, on Thursday evening. Play commences at 8:15 o'clock. Already the committee has been asked to make reservations for the following players: Mrs. Frank Bell, Mrs. F. Webb, Mrs. J. C. Newbury, Mrs. L. A. Grogan, Mrs. R. A. C. Grant, Mrs. A. A. Campbell, Mrs. Kirkpatrick Crockett, Mr. J. Berryman, Miss S. Haddock, Miss A. Paul, Miss Allison Chow, Mrs. E. H. E. Heddie, Mrs. P. R. Brown, Mrs. D. McIntyre, Mrs. George Clarke, Mrs. Alexander Peden, Mrs. C. Collings, Mr. J. Peden, Mrs. P. A. Raymond, Mr. and Mrs. William Kinman, Mr. C. B. Sylvester, Miss L. Bowron, Miss K. Wilson, Miss Eva Mess, Mrs. G. Mellor, Miss Anna Mason, Mrs. W. Knowles, Mrs. S. G. Peale, Mrs. Harry Beach, Mr. G. Church, Mr. and Mrs. S. J. Stapleton, Dr. G. B. Mess, Mr. C. Gardiner, Mr. and Mrs. H. A. Beckwith, Dr. S. Miles, Mr. and Mrs. Fred Adams, Mrs. A. Mortimer, Mrs. M. Menkus and Miss E. Lawson.

Further table reservations may be made with Mrs. S. J. Stapleton, telephone 5858, or Mrs. R. A. C. Grant, telephone 1374.

BURSARY FUND AIDS STUDENTS

Principal Vance, of Anglican Theological College, Vancouver, Gives Address Here

A tribute to the energy of the women of British Columbia, through whom about \$11,000 has been raised for the furnishing of the Anglican Theological College at Point Grey, was made by Rev. H. H. Vance, M.A., D.D., principal of the institution, in the course of the address which he gave yesterday afternoon in connection with the local guild's silver tea at the Y.W.C.A., on behalf of the college bursary fund. The affair was well attended, and a useful sum was donated by the visitors. Mrs. Moore and Mrs. C. L. Litter organized the affair. Mrs. Qualton and Mrs. Plaskett, assisted by Mrs. Warburton and Mrs. Collison, presided at the tea table, and the well-patronized table of home cooking was in charge of Mesdames Harding, Bonner, Blythe and Pope.

Dr. Vance expressed his thanks to the women of the diocese of British Columbia, who had raised about \$2,000 toward the college furnishing fund already mentioned. In addition to this they had for some years regularly sent about \$200 annually to the bursary fund, on behalf of which, he understood, yesterday's affair had been organized. The purpose of the fund was explained, to assist students who without such help would have been unable to take the course. A course of four years in Arts and two in Theology cost about \$2,500, which no student could earn during his Summer holidays, and some of the men without some such financial assistance as that provided through the bursary fund would certainly never have been able to continue their studies.

The Anglican Theological College at Vancouver had today the largest registration in its history, thirty-one. Of this number he was pleased to say more than ever before were Canadian-born. A larger number of the men were taking their Arts course at the university.

Referring to the buildings themselves, of which he showed some excellent photographs during the afternoon, Principal Vance reported that a complete transformation had been wrought both in the appearance of the immediate college area and its surroundings, through planting, boulevarding, and removal of underbrush and dead trees. About an acre and a half of the college area had been graded and seeded, and students had assisted in the planting of trees. Reference was made to some of the hand-some gifts received during the year, including generous donations of books and money. Among those who contributed to the latter had been the present Bishop of Wakefield, who had given ten to the Missionary Students fund of Cuddesdon College, Oxford, of which he had until recently been principal. The gift had been accompanied with an expression of hope that they would be able to continue the contribution for three years.

There was a very pleasing programme in connection with yesterday's tea. Mrs. Guy Goddard, accompanied at the piano by Miss Dumbarton, giving a number of musical monologues.

Gets Six Months

Louie Blunk was sentenced to six months' imprisonment by Magistrate George Jay in the Saanich police court yesterday for stealing a shotgun and several tools from O'Neill Hayes, of Cadboro Bay. The accused pleaded guilty to the charge.

Delightful Bridge Party

Mrs. Hermann Robertson, first vice-regent of the Margaret Rocke Robertson Chapter, I.O.E., gave a delightful bridge and mah jong party yesterday at her home on Clive Drive, in aid of the funds of the chapter. Additional guests were present at the tea hour, and the table was beautifully arranged with a centre bowl of green Venetian glass filled with bronze chrysanthemums, glass candlesticks and orange candles adding to the charming effect. The players included Mrs. Charlewood, Mrs. Gordon Campbell, Mrs. Hammond, Mrs. H. G. Lawson, Mrs. Grov Baker, Miss Jean Ross, Mrs. Flumerfelt, Mrs. Angus, Mrs. Prior, Mrs. Herbert Wilson, Mrs. A. F. D. McGachen, Mrs. Boyd, Miss Ogilvie, Mrs. A. T. Gower, Mrs. C. H. Carpenter, Mrs. Kohl, Mrs. A. W. Jones, Mrs. Lorne Campbell, Mrs. C. C. Bennett, Mrs. R. H. Pooley, Mrs. J. M. Healey, Mrs. Harold Robertson, Mrs. Douglas Hunter, Mrs. H. D. Twigg, Mrs. C. E. Wilson, Mrs. Grigg, Mrs. Agar, Mrs. H. P. Johnson, Mrs. E. Todd, Mrs. C. P. Todd, Mrs. H. G. Wilson, Mrs. Velacott, Mrs. Gordon Smith, Mrs. Walter Scott, Mrs. Michaelis, Mrs. E. A. Matthews, Mrs. Curtis Sampson, Mrs. H. Wilson, Mrs. Alexander, Mrs. Storer-Brown, Mrs. H. E. Ridewood, Mrs. Cudmore, Mrs. Selden Humphreys and Mrs. Carew Martin. The bridge prizes were won by Mrs. Carew Martin, first, and Mrs. Cudmore second. The mah jong prizes were won by Mrs. D. J. Angus and Mrs. Charles Wilson. The following had tables in their own homes: Mrs. John Galt, Mrs. C. P. Hill, Mrs. Code, Mrs. M. C. Gilmour, Mrs. L. A. Genge, Mrs. Rithet, Mrs. W. C. Nichol and Mrs. Charles Williams. The prizes were donated by Mrs. Harry Barnard, Mrs. H. J. Wasson, Mrs. Maurice Wingfield and Mrs. C. H. Carpenter.

Surprise Party Held

A surprise party was held on Saturday evening at the home of Mr. and Mrs. Harry Richmond, Wilson Street, when music and dancing were enjoyed by the guests. Those present included: Mr. and Mrs. Waddington, Mr. and Mrs. E. Trellor, Mr. and Mrs. Okell, Mrs. Fred Richmond, Misses M. Woods, Eleanor Dalziel, Olga Nairn, Allen Foster, Mary Adie, M. House, Carrie Dunn, Ruth, Audrey and Vera Richmond and Messrs. Monty Porter, George Preston, S. House, Bill Bray, R. Thompson, H. Barber, Mark King, George Gibney, Bill Eaton and B. Richmond.

At Windermere Hotel

Guests at the Windermere Hotel include Mr. and Mrs. C. N. High, Mr. B. A. Johnson, Mr. E. C. Stalil, Port Angeles; Mrs. J. H. Parksville Personals

Mr. J. B. Green, of Duncan, was a visitor to Parksville during the week.
Mrs. A. W. Bradlock, accompanied by her daughter, Eve, returned to her home in Errington, after spending the past six months visiting friends and relatives in England.

Mr. S. M. Oliver, of Messrs. Branson, Brown & Company, Victoria, was a business visitor to Parksville last Friday.

A team of six ladies and six men from the Parksville Badminton Club will journey to Duncan on Saturday to play a match against the Duncan Club. The following have been chosen to represent the Parksville team: Mrs. Fellen, Mrs. Wilson, Mrs. Bourke, Mrs. Forbes, Miss Peary, Miss Park, Messrs. E. L. Moullet, D. Thollet, L. Smith, B. Weid, G. Sprinkling and Colonel Bourke.

Among those attending the dance given under the auspices of the Tennis Club on Friday were: Mr. and Mrs. T. M. Moullet, Mr. and Mrs. R. C. Weid, Mr. and Mrs. P. Trill, Mr. and Mrs. B. Hirst, Mr. and Mrs. B. Harrison, Mrs. W. A. Wilson, Mrs. Carnsey, Miss Park, Miss Peary, Miss B. Roberts, Miss K. Roberts, Miss G. S. Abernethy, Australia; Miss Ryal, New Zealand; Miss J. Rushton and Miss B. Abernethy, India. The following ladies serving tea were dressed in white, frocks with green papers, caps and aprons: Mrs. Wilson, Mrs. Forbes, Miss Hickey, Miss Harrison. Those supervising in the kitchen were Mrs. Charles Baker, Mrs. Hickey and Mrs. C. H. Popham. The hall was beautifully decorated with ivy, roses and maple leaves all intertwined on reds. Over \$100 was cleared by the afternoon's work.

The annual bazaar given by the Women's Auxiliary on Tuesday afternoon was one of the prettiest yet staged in the district. Each stall attendant was dressed to represent some country in the British Empire.

Mrs. A. L. Smith, Mrs. Percy Rushton and Mrs. L. T. Davis represented England; Mrs. Cheney Parks, Scotland; Mrs. McClelland, Wales; Mrs. Buzell, Ireland; Mrs. Roscoe, Canada; Mrs. G. S. Abernethy, Australia; Miss Ryal, New Zealand; Miss J. Rushton and Miss B. Abernethy, India. The following ladies serving tea were dressed in white, frocks with green papers, caps and aprons: Mrs. Wilson, Mrs. Forbes, Miss Hickey, Miss Harrison. Those supervising in the kitchen were Mrs. Charles Baker, Mrs. Hickey and Mrs. C. H. Popham. The hall was beautifully decorated with ivy, roses and maple leaves all intertwined on reds. Over \$100 was cleared by the afternoon's work.

Long Beach, Ucluelet

Mr. S. G. Alexander left last week for Port Alberni and Vancouver.

Mr. George Hillier has returned from Port Alberni.

Mr. A. Hildbrand returned to his home after spending the past month in Ucluelet.

Mr. James Anderson, of Victoria, is visiting in Ucluelet as the guest of Mr. George Fraser.

Mr. Carl Dittmer left recently for Victoria.

Mr. E. Lee left on Tuesday for Victoria.

Mr. Walter Sagers has returned to his home in Ucluelet after visiting in Victoria and Vancouver.

Mr. E. Touching has returned to Ucluelet after spending some weeks on the east coast of Vancouver Island.

Mr. and Mrs. A. Thomas left recently to reside in Victoria.

Lake Cowichan News

On Saturday afternoon Mrs. Herbert Grossick entertained in honor of her son's birthday. The party, which was a hilarious and jolly time was spent in playing games and enjoying a delicious and bountiful repast.

School was closed on Friday owing to the principal, Miss V. E. Vickers, and the Junior teachers, Mrs. G. Lomas, attending the Island Teachers' Convention at Nanaimo.

Mr. and Mrs. Ed Hemmingsen and their daughter, Betty, spent the week-end in Victoria as the guests of Mr. and Mrs. Matt Hemmingsen.

Mrs. P. M. Sutherland and her son, Ean, visited Vancouver on Friday, and were the guests of Mr. and Mrs. P. E. Smithson.

Mrs. J. Gibson has returned from Vancouver.

Mr. Winter Cook, of Victoria, spent the week-end at the Lake.

Last week Mrs. L. D. Green entertained the Ladies' Bridge Club and Mrs. Frank Green won the first prize.

Chemainus Socials

Mrs. Henry Carter, of Van Anda, Texada Island, left on Sunday to visit relatives at Shawanigan Lake, where she will spend a few days with Mr. and Mrs. John Haggie.

Dean Quinlan was in Chemainus on Sunday, being present at the evening service at St. Michael and All Angels' Church. While here, Dean Quinlan was the guest of Rev. and Mrs. E. Spurling.

Mrs. John Robinson, Mrs. S. Robinson, Mr. George Robinson and Mr. Peter Wyllie motored to Alberni, and returned during the week-end.

Major and Mrs. Ritchie have been the guests of Dr. and Mrs. Rogers.

The members of the teaching staff of the Chemainus school attended the Vancouver Island Teachers' Convention held in Nanaimo on Friday.

Cowichan Lake Road

Mr. and Mrs. H. P. Bishop, Victoria, were week-end guests of their daughter, Mrs. Robert Evans, and Mr. Evans. Mrs. George Bishop accompanied them, to visit her mother, Mrs. David Evans, who is seriously ill.

Under the auspices of the St. Andrew's Carpet Bowls and Social Club there will be a dance from 9 till 1 o'clock in Hampton Hall, Friday evening. There will be Scotch items in the musical programme and refreshments of these remarkable aids to your home for a thorough and convincing test. Send them your name and address today.

Liberal Women Hear Candidate

Dr. J. D. MacLean, Liberal candidate in the coming by-election, was accorded a hearty reception yesterday afternoon at a meeting of the Liberal Women's Forum at the Chamber of Commerce. The affair was in the nature of an "at home," planned by the club in honor of Mrs. MacLean and Mrs. J. D. King, wife of the Minister of Pensions and National Health. Mrs. Stuart Henderson was in the chair, and spoke a few words of welcome to the visitors of the afternoon, calling upon Mr. W. T. Straith to introduce Dr. MacLean. Mr. Straith emphasized the need for further political development, if British Columbia was to progress as it should, this matter, he stated, was one of vital interest to the Liberal candidate, and one to which he hoped to give his best efforts.

In addressing the women, Dr. MacLean thanked them for their loyalty and support in the campaign and urged them to "get out and vote," as a way of further showing their sincere interest in the party in general and in himself, as candidate, in particular. Such matters as the minimum wage for women, mothers' pensions and old age pensions would receive his wholehearted interest, he said, for as yet legislation in this regard was in its infancy.

Miss Iona Robertson gave a recitation which pleased the audience, and Mr. G. Hydemann, accompanied at the piano by Mrs. Hydemann, sang two delightful songs, "The High Road" (Prindle Scott) and "Lassie O' Mine" (Watt).

During the tea hour the women of the club were given the opportunity of meeting Mrs. MacLean and Mrs. King. Little Rosette Lee, presenting the guests of honor with corsage bouquets of roses and carnations. Members of the executive of the forum present were Mrs. R. R. Taylor, Mrs. J. H. Young, Mrs. Chisholm, Mrs. Beckett, Mrs. J. B. Balgownie, Mrs. Nickerson, Mrs. Pilgrim, Mrs. Ellis, Mrs. Marshall, Mrs. W. G. McLaren, Mrs. Scott and Mrs. Chapman.

Long Beach, Ucluelet

Mr. S. G. Alexander left last week for Port Alberni and Vancouver.

Mr. George Hillier has returned from Port Alberni.

Mr. A. Hildbrand returned to his home after spending the past month in Ucluelet.

Mr. James Anderson, of Victoria, is visiting in Ucluelet as the guest of Mr. George Fraser.

Mr. Carl Dittmer left recently for Victoria.

Mr. E. Lee left on Tuesday for Victoria.

Mr. Walter Sagers has returned to his home in Ucluelet after visiting in Victoria and Vancouver.

Mr. E. Touching has returned to Ucluelet after spending some weeks on the east coast of Vancouver Island.

Mr. and Mrs. A. Thomas left recently to reside in Victoria.

Lake Cowichan News

On Saturday evening Rev. Dr. Campbell, at his residence, 2247 Windsor Road, celebrated the marriage of Mr. Robert Purdy Carr, of Nanaimo, and Miss Edith Mary Earnshaw, of Victoria. The bride, who was given in marriage by her father, Mr. John Earnshaw, was handsome in a georgette satin gown, and was attended by Miss Gertrude Stewart as bridesmaid. The groomsmen were Mr. C. W. Earnshaw, brother of the bride, and Mr. Carr will reside in Nanaimo.

SPINKS—SEYMOUR
DUNCAN, Nov. 27.—A quiet wedding was solemnized at the United Church manse, Nanaimo, on Friday afternoon, when Rev. W. R. Welch united in matrimony Miss Alice Seymour and Mr. Harry Spinks, both of Duncan. Those present at the ceremony included: Mr. and Mrs. Bruce McNeil, son-in-law and daughter of the groom, and Mrs. J. Seely, a friend of the bride.

EXPERIENCE TEACHES
"Harry, dear," she said, after accepting him, "would you think it strange if I were to ask you to sign a paper to the effect that we are engaged?"

Harry, who was far too happy to think anything strange, signed the document his fiancée drew up and sat down beside her again.

They sat talking for over an hour, when suddenly Harry, lapsed into silence.

"Dearest," he ventured at last, "tell me why you wanted me to sign that paper. Haven't you any faith in me?"

"Oh, yes, my boy," she answered, with a sigh. "But I've been fooled so many times."

Judge—You are both found guilty. Have you anything to say before I pass sentence?

Male prisoner—I'd like it if you could postpone my dear wife's sentence until after I come out.

Deaf Hear Again Through New Aid

Earlson, No Higher Than Dime Wins Satisfaction Following "Ten-Day Free Trial Offer"

After twenty-five years devoted exclusively to the manufacture of scientific aids to the hearing, Earlson Acoustical Co., Dept. 88, 45 Richmond Street, West, Toronto, Ont., has just perfected a new model Acousticon that represents the greatest advance yet made in the restoration of hearing to the deaf.

This Acousticon is featured by a tiny earpiece no bigger than a dime. Through this device sounds are clearly and distinctly transmitted to subnormal ears with wonderful benefit to hearing and a better life.

The makers offer an absolutely free trial for ten days to any one person who may be interested, and a letter will bring one of these remarkable aids to your home for a thorough and convincing test. Send them your name and address today.

ST. ANDREW'S DAY DANCE

Bible Class Enjoys Social Evening

The Onwego Young Men's Bible Class of the First United Church met at the home of one of their members, Mr. Wilbur Peatt, Craigflower Road, on Friday. The evening commenced with the usual business meeting, the president, Mr. John Taylor, in the chair. Mr. Howell, veteran leader, told of the progress made by the group. The concert had been a great success and the sum of over \$130 had been added to the Christmas hamper fund, for which purpose the concert is held annually. Much credit was due to Mr. Howell and other members of the class in selling programmes. The Native Sons debating contest was referred to, and John Gough and Everett Hurt had been entered from the Onwego class. Games and contests were enjoyed after the meeting. Mr. E. Knowlton, a visitor, won a tin whistle in one of the contests. With subjects which were suggested upon slips of paper handed to the boys, impromptu speeches were made, some excellent talent being shown. After a sing-song, Mrs. Peatt served refreshments and two presentations were made. Mr. John Taylor, president, giving Mr. Arthur Butcher a gold tie pin, while Mr. Jack Taylor, member of the concert committee, presented Wilbur Peatt with a pair of white gold cuff links. The leader congratulated these members on their salesmanship and enthusiasm. Mr. and Mrs. Peatt were warmly thanked for their hospitality and kindness.

Weddings

CARR—EARNSHAW

On Saturday evening Rev. Dr. Campbell, at his residence, 2247 Windsor Road, celebrated the marriage of Mr. Robert Purdy Carr, of Nanaimo, and Miss Edith Mary Earnshaw, of Victoria. The bride, who was given in marriage by her father, Mr. John Earnshaw, was handsome in a georgette satin gown, and was attended by Miss Gertrude Stewart as bridesmaid. The groomsmen were Mr. C. W. Earnshaw, brother of the bride, and Mr. Carr will reside in Nanaimo.

Seely, a friend of the bride.

Lake Hill Party

There were twelve tables of players at the usual card game held on Monday evening in Lake Hill Community Hall. Prizes for the high score were won as follows: First table, Miss Holmes, Mrs. Webster, Mr. Watson, Mr. Lingham; second table, Mrs. Simpson, Mrs. Barclay, Mr. Knowlton, Mr. Harris; third table, Mrs. Knowlton, Mr. Logan; consolation, Mrs. Townsend, Miss Simmonds, Mr. Knight, Mr. Perrin.

The annual "Country Fair" will be held on Wednesday, December 12, in the hall. In addition to the usual attractions, there will be a gift table at which fancy aprons, novelties, etc., may be purchased at reasonable prices. The next card game will be held on Monday evening under the auspices of the Women's Institute.

At The Playhouses

COLUMBIA "The Somme," at the Columbia Theatre, is the greatest pure war picture of the Great War ever produced in Britain. It resembles "Nelson" in heroics but not in color or acting; also "Ypres," which it greatly exceeds because it does not attempt to glorify the whole empire, but only so much of it as actually happened to be in that terrible encounter that came near ending the war in 1918. The film depicts all the chief engagements on that army-battering front. It glorifies all the regiments and nations in it. It follows the story with actual sequence, working up to climaxes by means of characters and powerfully reproduced action. And it does all with a realistic intensity relieved by casual flashes of comedy.

CAPITOL The current attraction on the Capitol's screen for the last times today is "Court-Martial," a thrilling story of an army officer's adventures with a border gang, when he attempts to rout single handed, and his subsequent romance with a girl leader, who is both beautiful and merciless. Tense action, and some very fine shots of a military hall in natural color make this a treat for movie fans. The stage offers Wayne and Belle, international whirlwind dancers supreme; William Dugan, the popular bass soloist, and Sam Bevo, the well known colored comedian, and harmonica artist. Jack Reid, the singing M.C., and the Capitol Stage Band complete this fine show of specialties.

PLAYHOUSE Anders Randolph, who supports Irene Rich in "Powder My Back," has appeared with practically every feminine star of note since entering pictures some years ago after a long stage career. Randolph plays the part of Rex Hale, mayoralty candidate, who falls in love with the star whose show he has closed. "Powder My Back" was directed by Roy Del Ruth. The cast includes Audrey Ferris, Anders Randolph, Carroll Nye, Andre Beranger, and Cissy Fitzgerald.

COLISEUM Norma Shearer, whose latest starring picture, "The Actress," is now showing at the Coliseum Theatre, is the proud possessor of one of the first manuscripts extant of the Arthur Wing Pinero play, "Trelawny of the Wells," from which her new film success was adapted. The manuscript is the property of the late John Drew.

AMUSEMENTS

THE SCREEN Capitol—Jack Holt in "Court-Martial."

Columbia—"The Somme."

Coliseum—Norma Shearer in "The Actress."

THE STAGE Playhouse—The Parker Musical Comedy Co. offer "Little Miss 215."

Royal—Stratford-upon-Avon Festival Co. presents "The Merchant of Venice."

who died in San Francisco while appearing in the famous Pinero drama, O. P. Heggie, a member of the Drew company and who appears in the picture with Miss Shearer, was given the manuscript by Drew.

Peers' Chorus in "Iolanthe" a Great Choral Composition

It is about thirty years ago that Henry A. Lytton first played a leading role in Gilbert and Sullivan operas under the famous collaborator. He comes here heading the D'Oyly Carte Opera Company on its second tour of Canada to play "Iolanthe" at the Royal Victoria Theatre, Monday, December 3, and his presence is an assurance that this tuneful and dainty opera will be presented as the great masters planned it should be presented. "Iolanthe" is an exciting piece, and it contains some of the finest music known in light opera. As the Peers' Chorus is an example of fine composition reaching beyond the limits of light opera, and it requires a well trained body of singers to realize its full choral values. In its early days special efforts were expended on the Peers' Chorus. Under Mr. D'Oyly Carte's watchful eye, the present touring company has been drilled to all the old-time perfection. There never was a more palpable manifestation of genius than this chorus.

"Iolanthe" will be given on Tuesday and Wednesday also, with "Trial by Jury" and "The Pirates of Penzance" billed for Thursday, Friday and Saturday. The second and final week will be devoted to "Rudigore" and "The Mikado."

Campbell River Search Ends in Finding Youth

NANAIMO, Nov. 27.—Henry Pool, eighteen, of this city, who had been lost in the woods in the Campbell River district since Sunday, was found this morning by a search party from Courtenay. The youth had become separated from his brother when the two were on a deer hunting trip.

LUMBER EXPORTS

OTTAWA, Nov. 27.—Exports of Canadian lumber increased sharply in October. The total was \$6,429,000, or \$718,000 greater than in September, which was \$5,711,000.

Spruce was the largest item at \$1,698,000. It showed a slight decrease compared with \$1,640,000 for the preceding month. Pine exports were heavier, being \$1,311,377 against \$925,000 for September. Shingles amounted to \$983,000, a gain of \$324,000 over September's total of \$659,330.

NORTHCOTT LEAVES FOR CALIFORNIA

VANCOUVER, Nov. 27.—Gordon Stewart Northcott, wanted at Riverside, California, on four murder charges and recently ordered deported by County Court Judge H. S. Cayley, acting as extradition commissioner, started for Seattle late this afternoon from Oakalla jail, accompanied by Riverside County officials, en route to California. The warrant from Riverside authorizing Northcott's removal to California was received here today and immediate preparations were made to take the accused to Seattle, where he will spend the night, proceeding direct to Riverside by train tomorrow morning.

Northcott was arrested by British Columbia police at Okanagan Landing on September 19.

Often, in the Spring mornings, when she was teaching her dozen small, restless children, he would stop at the school for a few minutes to talk with Barbara.

Often, when she had gone back to Mrs. Duff's in the early afternoon for her late luncheon in the kitchen, and her rediscovery of Kate, changing every day, and every day a delicious surprise, Link would come in, perhaps only for five minutes.

CYCLISTS HOLD ANNUAL BANQUET

Prizes to Winners of Mount Douglas Hill-Climbing Contest Are Presented

At the annual banquet of the Motorcycle Club of Victoria, prizes to those who won the various events in the hill-climbing contest at Mount Douglas, were presented. Mr. O. Fowler presided, and gave a short talk on sportsmanship, and thanked the Saanich Police and Victoria-Saanich Parks and Beaches committee for co-operation in making the annual hill-climbing contest a success.

Messrs. B. Shanks and N. G. Griffiths presented the prizes. Those receiving prizes were: George Reece, a pair of gold cuff links; Robert Shanks, a wrist watch; J. Herriman, a pair of gauntlets; J. Wheeler, a shopping scrip, and F. Thomas, a spotlight.

He came to know Barbara's various frocks, would praise the dotted swiss, recommend that she carry her blue coat. He would telephone to ask if Kate's snuffies had amounted to anything, to ask Barbara to tell her father there was an article about spiders in The Scientific World. Barbara knew how he liked his tea, now, and Link knew that she hated cigar smoke and saxophones and loved little bags of jelly beans and cross-word puzzles, and above all, croquet.

It was the foolish old game that brought the first real color back to her cheeks, and the first ring of her own peculiar excitement and enthusiasm to her voice. She loved to play, and she played vigorously well. Almost every Saturday after-

noon during April and May, when the fruit blossoms came out in a flood and the locusts wore their tassels and the birds wreath foamed like a snowy fountain at the foot of the lawn, there was croquet at the Mackenzies.

When Link's father came out to stand, watching the game, among the central and the bridge, and at her dash and mettle, it was with a child's pleasure and pride that she smiled back at him. She was not a woman now, and a woman with a strange history and position in the eyes of the town. She was again an eager, hot-faced, breathless girl, pushing her coppery hair off a damp forehead, running over the grass, fanning herself with her hat while she watched the others play.

And when Link himself looked at her she saw nothing unusual in his glance, even though all the others did. She did not know that her slim, straight figure in its shabby cottons, with its blazing head, was sometimes they all saw him hesitate and flush, happily and confusedly and self-consciously, when he spoke to her.

Often, in the Spring mornings, when she was teaching her dozen small, restless children, he would stop at the school for a few minutes to talk with Barbara.

Often, when she had gone back to Mrs. Duff's in the early afternoon for her late luncheon in the kitchen, and her rediscovery of Kate, changing every day, and every day a delicious surprise, Link would come in, perhaps only for five minutes.

"BARBERRY BUSH"

One Girl's Marriage Problems

By KATHLEEN NORRIS

He came to know Barbara's various frocks, would praise the dotted swiss, recommend that she carry her blue coat. He would telephone to ask if Kate's snuffies had amounted to anything, to ask Barbara to tell her father there was an article about spiders in The Scientific World. Barbara knew how he liked his tea, now, and Link knew that she hated cigar smoke and saxophones and loved little bags of jelly beans and cross-word puzzles, and above all, croquet.

It was the foolish old game that brought the first real color back to her cheeks, and the first ring of her own peculiar excitement and enthusiasm to her voice. She loved to play, and she played vigorously well. Almost every Saturday after-

noon during April and May, when the fruit blossoms came out in a flood and the locusts wore their tassels and the birds wreath foamed like a snowy fountain at the foot of the lawn, there was croquet at the Mackenzies.

When Link's father came out to stand, watching the game, among the central and the bridge, and at her dash and mettle, it was with a child's pleasure and pride that she smiled back at him. She was not a woman now, and a woman with a strange history and position in the eyes of the town. She was again an eager, hot-faced, breathless girl, pushing her coppery hair off a damp forehead, running over the grass, fanning herself with her hat while she watched the others play.

And when Link himself looked at her she saw nothing unusual in his glance, even though all the others did. She did not know that her slim, straight figure in its shabby cottons, with its blazing head, was sometimes they all saw him hesitate and flush, happily and confusedly and self-consciously, when he spoke to her.

Often, in the Spring mornings, when she was teaching her dozen small, restless children, he would stop at the school for a few minutes to talk with Barbara.

Often, when she had gone back to Mrs. Duff's in the early afternoon for her late luncheon in the kitchen, and her rediscovery of Kate, changing every day, and every day a delicious surprise, Link would come in, perhaps only for five minutes.

TODAY

GROUP PLANS FOR WINTER TOURIST TRADE

Provision for Indoor Entertainment of Prairie People Is Discussed—Committee Promises Help

CRYSTAL GARDEN ENTERTAINMENTS

The proposed construction of a horseshoe pitch for the benefit of winter visitors to Victoria formed the chief topic of interest at the luncheon meeting of the Tourist Trade Group, which was held yesterday in the luncheon room of the Chamber of Commerce.

The group combined with the Publicity Bureau for the purpose of both parties afterwards retired to different committee rooms for their business discussions. Mr. H. E. Boorman, chairman of the group, welcomed Messrs. L. L. Erb, Arthur Neel, Joseph Rose and Alec McCloy as new members of the Tourist Trade Group, which was certain to derive benefit, he said, from any suggestions which any of these gentlemen might make.

Mr. H. D. Patterson then made his report on the recent investigations of himself and Mr. E. H. Martin, as to the feasibility of forming a horseshoe pitch. Of the winter visitors to this city, he said, the men were apt to find time hanging heavily on their hands, and it was most undesirable that they should get bored in Victoria, and start spending their winters in California.

ESTIMATED COST

Pitching horseshoes was a game which had always been popular on the prairies, and much might be done, in his opinion, to make this city more attractive to prairie visitors by building a covered horseshoe pitch. The estimate for a fair sized club room, where draughts and chess might be played, and a horseshoe pitch of six rinks, one of which should be floored, to allow for the playing of carpet bowls, would be about \$4,500. He felt that the money should be got together by hotel keepers, restaurant proprietors and others, who benefited more than most people by the tourist trade.

Mr. McCloy suggested that the existing clubs, which existed in the city today might be glad to make some move to further the scheme. Mr. Patterson moved that a committee should be appointed to deal with the question. The motion was carried, and Messrs. Patterson, Martin, McCloy, Aude and Erb were chosen to represent the group in the matter.

Mr. Boorman stressed the necessity of getting the budget cut and dried, and of finding out what would be the yearly cost of upkeep, before attempting to raise any money. He pointed out that in other cities, where the tourist trade was of importance, the city would help any scheme for the furtherance of that trade in a much more definite way than was done by the Publicity Bureau in Victoria.

CRYSTAL GARDEN PLANS

On being asked to inform the meeting what provision had been made for the entertainment of winter visitors this season, Mr. I. W. Aude, manager of the Crystal Garden, said that there would be the same series of concerts as the two previous years. He welcomed a suggestion of Mr. Patterson that a member of the group should act as chairman at these concerts, and address the audience from the stage.

He did not want the entertainment to be too professional, he said, as he thought that the amateur touch fostered the community spirit. It might easily be arranged that the old art gallery, which had been converted into a sort of clubroom, should be used for draughts and chess during the coming season. Messrs. Kent, Neel, Patterson, Blashfield, Willis, Campbell, Hill, Scarrab, Rose and Boorman were appointed to form a committee which will assist Mr. Aude in every possible way during the coming concert season at the Crystal Garden.

ALASKA PRODUCTION REDUCED THIS YEAR

WASHINGTON, Nov. 27.—The annual report of Governor Al Parks, of Alaska, made public yesterday by Secretary West, noted reduced success of mining and fishing operations, the principal industries in the territory, judged by investment and value of production, but said that in view of the poor year for salmon the industrial conditions and the economic situation "were in general as satisfactory as could be expected."

Young Miss—Which would you prefer in your future husband—wealth, ability or appearance? Old Maid—Appearance, my dear; but he's got to appear pretty soon.

His Baby Boy Was Troubled With Whooping Cough

Mr. Ernest Kroner, Freedom, Alta., writes: "My baby boy, two years of age, was troubled with whooping cough. I tried everything I could think of but he kept getting worse. A friend used me to try

Dr. Wood's Norway Pine Syrup

It gave him great relief, and before the contents of the second bottle cough had completely disappeared. Price 35c a bottle; large family size at all druggists and dealers.

PORT "DEVELOPMENT"

Sir—I understand that there is now no question of the ex-Premier of British Columbia being sent to Ottawa by acclamation as member for Victoria; but many independent voters might probably be influenced by a reason I have seen advanced on behalf of Dr. MacLean's candidature, i.e., that, having been Premier of the Province, he would naturally be more fitted than any other man to look after the interests of British Columbia at Ottawa. Whether this is or is not a good reason I will leave others to determine (though, in view of the pitch to which the late Government raised that dishonest and dishonourable practice of political patronage, I should say that the answer was in the negative), but if you will kindly allow me a little of your valuable space, I hope to show a very strong reason why Victoria should think twice before she sends any member to support the present Federal Government. The treatment meted out to this little place has probably its counterpart in many other districts of the island and on the coast of the Mainland.

When, some years before the war, the Crofton smelter was closed down and its wharf, which the residents had been allowed to use for sea-borne freight, etc., went into decay its loss was felt so much that the then Government was petitioned to build a pier here and this was done, an approach and landing, strong enough for ordinary public use, together with a floating dock and connecting gangway for the use of small boats, launches, etc., being provided. The C.P.R. gave a weekly boat call which was very useful, as the nearest station on the railway was five miles away and, moreover, had no agent.

Some years after the war, however, the Government was approached by a local logging contractor with a view to getting permission to use the pier for his logging operations, and though the local agent for the Department of Marine and Fisheries at Victoria, wrote strongly against such permission being granted, and pointed out, quite rightly, that the pier was not constructed and was quite unfit for use of that sort, permission was evidently given, and the work of destruction commenced. Logs weighing many tons were hauled onto the pier and rolled over the sides, with results to the structure which it does not need an engineer to imagine; the demolition of the handrails was the least part of the damage.

Before the pier was rendered totally unfit for ordinary public use, however, the said contractor's financial conditions became shaky and his operations ceased, but within a very short time a logging company came from outside into the district and, with or without permission, (the local engineer of the Department of Public Works might be able to supply information on this point) took possession of the pier for its operations, running heavy lorries laden with ties onto the pier and loading scows on both sides. The destruction of the pier progressed rapidly, so much so that the Department of Marine and Fisheries posted a notice on the pier in the Autumn of last year, with a warning that the pier was unsafe and that users do so at their own risk; thereby showing that the Government was fully conversant with what was going on. Finally, in November last, the pier was so broken up that the C.P.R. had to stop their boat calling.

At this point I took the matter up with the Government on behalf of the local residents, and I enclose copies of the correspondence, that you may assure yourself that I am only stating the facts. You will notice that the correspondence commences with the Department of Marine and Fisheries transferring the responsibility for the matter to the Department of Public Works, and ends with the last-named department re-transferring it to the former. One often hears that Government departments do not know their work, but one does not often see them acknowledging it so openly.

The Government did indeed repair the floating dock and gangway in the early part of this Summer, but it now appears that this expenditure was really made on behalf of the logging company, as you will see from my letter of October 28 that the Government seems to have leased the remains of the pier to the logging company, and a local boat-owner has reported that he was one day informed by the company's chairman on the pier (a foreigner, though possibly naturalized, I cannot state as to that point), that he had no business to be on the pier now!

The whole matter, therefore, may be summed up briefly as follows: a logging company comes into the district to operate for its own profit, takes possession of a structure built for the use of residents, breaks it up and thereby destroys the sea-borne communications of the district, and finally tells the residents that they have no right to use even what remains of the structure; and the Government, in face of condemnation by their own local agent, permits it all and even goes so far as to strengthen the logging company's position. Protests from residents are met with polite acknowledgment and shufflings of the responsibility from one department to another, and residents, who used to be able to have freight delivered at the pier, whence they could fetch it themselves, now have to pay to have it carried from Duncan, ten miles away, the nearest station with an agent.

It is, then, surely justifiable for me to point out that any city or district which sends a member to Ottawa to support a Government which acts in this way—I repeat that we here have no right to assume that we are being treated any worse than many other districts similarly situated—is incurring a great responsibility towards the Province. Along with the correspondence I enclose some photographs which will show you a little of the damage caused to the pier.

Who remembers the old days when father got all the blame for the ashes on the rug?

Navy Plane Wrecked but Flyers Survive

SKILFUL manoeuvring saved the lives of pilot and four of the crew of this huge navy plane when it burst into flames 300 feet above the Potomac River, near Giesboro Point, Md. The photo shows the smouldering wreckage on the shore where the pilot taxied his flaming craft only a few seconds before the explosion.

NORTHCOTT SAYS HE DISCHARGED LAWYER

BELLINGHAM, Nov. 27.—The legality of the warrants on which he was turned over to the California

police were questioned by Gordon Stewart Northcott here tonight while on his way South from Vancouver, B.C., to face charges of killing four boys.

He explained that he had discharged his attorney, Frank Lyons,

of Vancouver, and had written a letter to Judge Cayley, who had ordered his extradition, saying he wanted to appeal. As his letter was before the judge at that time, the accused youth said his removal from Canada appeared illegal.

EXTENDS HIGH SCHOOL SCOPE

MINISTER DECIDES ON CORRESPONDENCE COURSE FOR HIGHER EDUCATION

New System Will Come Into Effect at End of Present Educational Year

The Department of Education will extend the operations of the correspondence courses of instruction to take in high school work. This announcement made by Hon. J. Hinchliffe yesterday, follows the statement which he made a little time ago that the matter was under consideration by himself and the officials of his department, and that the prospect was that there would be such extension of work.

The minister now states that the course has been decided upon, following the investigations that were conducted. Mr. J. W. Gibson, who is in charge of agricultural education for the province, will be in charge of this department of work. He will be able to carry it out; it is found, in conjunction with his other duties.

FOR ISOLATED STUDENTS

This move is a decidedly forward one in the matter of education, and is intended to afford pupils in out-of-the-way parts of the province who cannot have the advantages of a high school education, the opportunity to take such a course. It will mean the applying of such pupils to the work so that they may

fit themselves for further studies at the university if they wish so to apply themselves.

There are a number of applications already in hand for affording this line of educational advantage, and it is anticipated that when it becomes known that the department is to grant this boon in the line of higher education, there will be a very large number comparatively who will seek to avail themselves of the opportunities that will thus be afforded.

In the case of the elementary courses, where pupils have taken these courses, it has been found that in many instances the pupil ranked very high in standing, as compared with other pupils when they came to carry on their work in schools.

TO HELP YOUNG PEOPLE

Mr. Hinchliffe is of the opinion that there should be no barrier placed against those who wish to apply themselves in gaining a higher education. In a province like British Columbia there are of necessity a number of young people who have to live with their parents, removed far from the advantages that are now to be gained in an educational way by the proximity of schools. This correspondence course is intended to afford the opportunity of gaining the education they find themselves in need of, but which they are not able to take advantage of in any other way.

The work, which is to be carried out under the curriculum of the high school course, will not be started until September next, which will afford a full year's course to be provided for the pupils who wish to take it, before the examinations are faced.

Toronto University Grads Hold Dinner

The Victoria Association of Toronto University Graduates heard one of the most distinguished graduates, Dr. J. S. Plunkett, F.R.S., during their second dinner meeting at the Empress Hotel on Monday evening.

Dr. Plunkett spoke of his recent trip to Leyden, Holland, to attend the third triennial meeting of the International Astronomical Union as official representative of the Canadian Government.

Dr. W. G. Wilson was called upon to propose a toast to the university. Songs were rendered by Mrs. Mary McCoy Jameson and Dr. Harry Johns, with Mrs. Reta Ormiston McNeill at the piano.

Wife—Where have you been so late?
Hubby—Stop me if you've heard this one.

ON December 6 cast your vote for D. B. Plunkett, the Conservative Candidate, and let all Canada take note that in this important by-election Victoria stands squarely behind Hon. R. B. Bennett and his policy of conservation of Canadian resources for the Canadian people . . . a tariff that gives adequate protection to the Canadian producer and Canadian labor . . . an immigration policy that is workable, reasonable and bound to result in prosperity for all.

Conservative MEETING Tonight

CHAMBER OF COMMERCE AUDITORIUM

Speakers:

Mr. Leon J. Ladner, M.P.
Who will deal with the true history of the Australian Tariff. An opportunity for you to know the Facts.

Mr. C. H. Dickie, M.P.
Hon. Joshua Hinchliffe, M.P.P.

Mr. D. B. Plunkett
Conservative Candidate

PORTLAND WINS FIRST GAME AT CUBS' EXPENSE

Senators Taste First Defeat of Season at Hands of New York Americans

VISITING GOALIE ROBS VICTORIA OF WELL-MERITED WIN

Locals Outplay, Outskate and Outgeneral Rose City Squad; But Go Down to 3 to 1 Defeat in Spectacular Display—Work of Hardaker Shines Out in Buckaroos' Victory

Borland Scores Cubs' Lone Marker On Pass From Kelly in Last Frame

Portland Buckaroos were the under-dogs for the other two teams in the Pacific Coast Hockey League, and it was a 10 to 1 bet that they would have been for the Victoria Cubs last night at the Willows Arena. To sum it up in a few words, the Cubs were beaten 3 to 1, but only after a hard-fought battle, by the much-padded visiting case.

The first quarter was rather slow, the second hot and the third red hot. Neither the Cubs nor the Buckaroos warmed up to things in the opener, but after that session the sparks began to fly in all directions.

Victoria then massed their attack and three-man rushes with splendid combination rushes. Twice they were pulled off for being ahead of the play, and on another occasion Hardaker fell to the ice to block Evans' drive.

There was plenty of heavy checking thrown in, and Referee Mickey closed his eyes on many questionable plays. Outside of handing out three minutes for tripping, another for loafing, "Mickey" was content to let the teams go at it. He called the offside with the eye of a hawk, especially when the Cubs were the guilty ones.

The first period was scoreless, but in the second stanza the Buckaroos snared a brace from the sticks of McGoldrick and Pratt. The latter gave the Americans three to work on after four minutes of play in the third canto, and the Cubs secured their lone marker when Borland slipped one home seven minutes later on a pass from Kelly. It looked like the Cubs were going to come from behind to clinch another game, but Hardaker was not in any mood for such a display.

The teams seemed to be measuring each other up in the first frame, and there were not many sensational plays, although several times the fans came to their feet. Evans tested the Portland goalie with the first shot on a pass from Borland, but it was saved. Redpath forced the visiting eager to show his stuff, which he did by kicking out a bullet drive to the corner. Three more times, within about as many seconds, Hardaker was extended, but he turned the shots away with the ease and coolness of a rowing veteran.

Cliff O'Meara, who made his first appearance of the season, brought the fans out of their seats, when he tricked the Buckaroos' defence and waded through, but once more Hardaker showed his stuff. In between times Robertson was not idle by any means and twice a row he was forced to his knees to save from Conn and McGoldrick. Leacock scored on a combined rush with Kelly and Evans, but he was called off-side.

Other thrill when he slapped Kelly's rebound against the huddled form of Hardaker. It was a close call for Portland. From here on the Buckaroos began to lumber up and three three-man rushes were engineered, but Borland and Redpath halted them all. Cubs worked hard to get through, and although Kelly, Leacock and Evans got by the visiting defence, they failed to beat the hardnut in the Portland cage.

FAST SECOND PERIOD
The teams opened the second period fast, and thrill after thrill followed. Victoria kept the puck in the Bucks' defence time after time, but they failed to gain admittance. Twice Downie, O'Meara and Redpath were close, though no markers were registered.

Portland broke the ice after eight minutes of play when the hefty McGoldrick, who holds down the right defence, came up and drove a stinging, low shot to the corner of the hump from the blue line. It hit just inside the pipe and gave Robertson little chance. Ten seconds McGoldrick looked like he was going to repeat, but Robertson gathered in his wicked drive from a few feet.

Victoria then massed their attack and three-man rushes with splendid combination rushes. Twice they were pulled off for being ahead of the play, and on another occasion Hardaker fell to the ice to block Evans' drive. Downie spotted a likely looking play a minute later when he teamed with Evans and Leacock, went by one defence man and then hogged the rubber. Redpath, the fiery-headed local second line man, had tough luck after relieving Pratt of the disc. "Red" went through the Rose City defence with some beautiful stickhandling, but the rubber went on its edge and his shot never left the ice.

Pratt, who tried to rough it with Redpath and Borland in the first frame, but who apparently figured the local defencemen were just as tough, if not tougher, put the Buckaroos two up when he slapped McGoldrick's rebound home five minutes after the first goal. It was a tough break for the local goalie. McGoldrick's shot was blocked perfectly, but the elusive rubber got all tangled up in Robertson's pads, and before the local goalie could clear, Pratt, with lightning speed, came in and drove it against the hump.

Victoria then set to real work, and they fired shot after shot against Hardaker, who was unbeatable. Three minutes before time McGoldrick spilled Downie, and the midge cut forward had to be carried part in the ice. He returned in the third period.

The attempt to body Skipper Bill Borland by Daly will be remembered by the Portlander for a long time. A second before the second frame whistle sounded, Daly tried to show Borland that he could get by, via the art of bodychecking; but it was a failed attempt, and the referee ended the Portland defence man was assisted off the ice.

BIG LEAGUE STUFF
The third frame was good enough in any language. The teams buckled down to real hockey, with the Buckaroos maintaining a three-man defence throughout. Victoria pounded, hammered, and used rock-crusher methods in an attempt to break

Dave Trotter Signs to Play With Montreal

MONTREAL, Nov. 27.—The management of the Montreal Maroons announced just before the start of tonight's game with Toronto Maple Leafs that they had definitely signed Dave Trotter, Canadian Olympic star. Trotter started this season with the Victorias, a local team, in the senior group of the Quebec Amateur Hockey Association.

"Trotter was not in uniform for tonight's contest against the Leafs, owing to an injured foot suffered in an amateur game last night."

through and, at times, four-men rushes were the order; but still Portland held. Four minutes of reckless hockey went by and each of the goalies were called upon in short shifts.

Pratt started Bobby Rowe cheering when he and McGoldrick went up together with the latter slaming out a drive which rebounded from Robertson's pads. Like a hawk Pratt went in, took the rubber and slapped it home to put Portland three up.

Then the Cubs grew terribly hungry, and Hardaker was their meat; but the local janglemen only got a hindquarter. It came when Bill Borland, Kelly, and O'Meara went up. Borland passed to Kelly on the left wing after he had opened up the defence. Then Skipper Bill went through, accepted Kelly's pass and drove it home. After this Portland asked for time out, and received the minute and half rest.

Victoria pounded away following their lone marker, and Redpath, Leacock, Evans and Kenny drove bullet drives against the Portland goalie, but without results. The Cubs literally swarmed all over the Buckaroos, and had Pratt dizzy from their repeated onslaughts.

The work of Kelly, Redpath, Evans and Downie was outstanding for Portland, the latter like a lone star.

THE LINE-UP
Portland: Robertson, goal; Hardaker, defence; Kelly, defence; McGoldrick, defence; Pratt, defence; O'Meara, wing; B. Morrison, wing; Kelly, wing; Armstrong, wing; Leacock, wing; Corrigan, wing; Kenny, sub; P. Rung, sub; I. Morrison, Referee—Mickey Ion.

SUMMARY
First period—None.
Second period—1, Portland, McGoldrick, 8:10; 2, Portland, Pratt, 5:20.

Third period—3, Portland, Pratt, 4:45; 4, Evans, Portland, from Kelly, 7:34.

PENALTIES
First period—B. Morrison, Kenny.
Second period—None.
Third period—McGoldrick, Armstrong.

LEADING ONTARIO RUNNERS WILL GO TO UNITED STATES

TORONTO, Nov. 27.—A number of Ontario's best-known runners will participate in several races next Thursday, Thanksgiving Day in the United States. The Ontario A.C. Toronto, will send a team consisting of A. Mitchell, Fred Phipps, Will McClellan, Bob McCurdy, Gordon Powell, Ted Butler, Alexander Burnside and Harry Bakes, to Buffalo for the annual six-mile cross-country run. McClellan captured this event two years ago.

Fred Grant, Galt, Ont., will go to Detroit, while two and possibly three men from this province will take part in the famous Berwick marathon at Berwick, Pa. "Chuck" Snell, Toronto, and Billy Reynolds, of Galt, have accepted, and it is possible that Cliff Bricker, also of Galt, will be a starter. Six Canadians were invited to participate in this event, one of the outstanding long distance runs on the Continent.

FINANCES DISCUSSED
Several suggestions were put forward as to raising finances for the scheme, including that of asking the various athletic bodies to stage exhibition games.

The first steps for forming the proposed organization were made last night by the appointment of the committee. In the meantime everything must wait until the committee convenes again. There is not the slightest doubt, however, in the minds of those who attended last night's meeting that the formation of such a body would eliminate much unnecessary trouble as far as playing grounds in this city are concerned.

Ketchel Was One of the Greatest Middleweights

Fought Jack Johnson for Heavyweight Title and Scored Knockdown Before Taking Count — Jack O'Brien Was Top-Notcher

By TOMMY LOUGHRAN
Light-weight champion of the world last night, Stanley Ketchel was, in fact, a little fellow then, and hadn't even heard his name mentioned, but I do wish I could have seen him. He must have been a marvelous fighter.

In style, they tell me, he was something like Leo Lomski, though faster and an even harder hitter.

Ketchel really had only seven years of fighting. During that time he fought and whipped almost every good man of his weight in the world — including "Philadelphia" Jack O'Brien, Billy Papke, Joe Thomas, Frank Klaus and Sam Langford. He was the only middleweight, aside from Bob Fitzsimmons, who got a shot at the heavyweight championship of the world.

Stanley, weighing 160 pounds, fought Jack Johnson at Colma, Johnson came in about forty-five pounds heavier. There is no doubt Johnson was one of the best defensive boxers among the heavyweight champions, yet he had a hard time keeping little Ketchel away; and just before he scored his knockout in the twelfth round, Stanley knocked him down.

ONE OF THE BEST
Talking about middleweights, you can't miss Jack O'Brien. The Philadelphia, in his style, was one of the great ones. In many fights with the greatest men in the world, he lost only a couple of decisions, and there is only one mention of a knockout in his record, though he really knocked on another occasion — actually, if not technically.

He was defeated twice by Ketchel. The first time they met, O'Brien outpointed Stanley and cuffed him around as he pleased for two rounds and about two minutes and fifty-three seconds of the tenth. Then Ketchel landed one, and O'Brien was on the floor, unconscious, when the last bell sounded. I think everyone likes to see those fights where a little man holds his own against a giant. Great as Jack Johnson was, we can't forget that two 158-pounders—O'Brien and Ketchel—gave him everything he could handle; O'Brien outpunching him in a six-round no decision bout, and Ketchel dropping him for a count before losing out himself.

No matter what cracking good middleweights are developed in the future, it is certain that few, if any, will surpass the records set by Ketchel and O'Brien. Stanley knocked out fifty-two of the sixty-three opponents he faced, and Jack lost only a couple of decisions in several hundred fights.

EQUINE OLD-TIMER
Tippity Witchee, who recently won a \$100,000 Derby, is one of the real old-timers of the turf, being thirteen years old.

DR. WILSON MAY RUN
Dr. Wilson, winner of last year's Tijuana Derby, may be bearer of his shot in the Thanksgiving race. Johnny Coburn, trainer for the former champion, has the entire string in fine fettle after a successful campaign on the New York circuit.

The Doctor is being primed for the opening gun after a long rest. Dempsey spent considerable money in New York last summer to buy himself suitable candidates for the Coffroth Handicap to be decided March 17, and the Derby several days earlier.

KEATING-FOUREX GAME IS FEATURE

Great Battle Expected When Rival Hoop Squads Clash at Centennial Gym Tonight

Keating and Fourer will hold the spotlight in tonight's games which will be staged at the Centennial gymnasium by the City Football League. The former squad has been traveling along at a fast clip, while the latter came within an ace of upsetting the dope bucket last week when they forced the undefeated James Island team into overtime before admitting a one-point defeat.

If the bakers show the same class tonight, the customers are going to see some battle.

The opener, which will start at 7 o'clock, will bring together Hudson's Bay and Foresters, men's "C" squads. This will be followed by the College-Red Birds ladies' encounter. Keating and Fourer will stage the third act in the show, and then Keating senior "B" and J.B.A.A. will clash in the final battle.

NORMAL AND HIGH SCHOOL HOOPERS GAIN EVEN BREAK

Snowsall's basket in the dying moments of the game gave Normal School a 20-18 victory over Victoria High School in the latter's gymnasium yesterday afternoon. In the first tussle High School "B" won by a 17-10 score over Normal.

Pla-Mors Win

KANSAS CITY, Nov. 27.—The Kansas City Pla-Mors defeated Tulsa Oilers, 4-0, in the opening game of the American Association Hockey season here tonight. The Pla-Mors displayed excellent offensive and defensive play throughout the contest.

Dempsey to See Opening Of Tijuana Race Meeting

Former Heavyweight Champion's Stable Will Have Entry in Coffroth and Tijuana Derby — Dr. Wilson May Run in Opening Feature

TIJUANA, Mex., Nov. 27.—Jack Dempsey, former heavyweight champion of the world, wired Eugene Normile, Jockey club official and his former manager, that he would be here on Thanksgiving Day, opening of the long Winter race meeting to be staged under the direction of James W. Coffroth. Dempsey will campaign an extensive string of horses here this Winter and will probably see his colors in action in the Thanksgiving Handicap, the opening feature. Dempsey said in his wire that he would positively have a starter in both the \$130,000 Coffroth Handicap and the \$35,000 Tijuana Derby.

DR. WILSON MAY RUN
Dr. Wilson, winner of last year's Tijuana Derby, may be bearer of his shot in the Thanksgiving race. Johnny Coburn, trainer for the former champion, has the entire string in fine fettle after a successful campaign on the New York circuit.

The Doctor is being primed for the opening gun after a long rest. Dempsey spent considerable money in New York last summer to buy himself suitable candidates for the Coffroth Handicap to be decided March 17, and the Derby several days earlier.

One of his outstanding purchases was Beaulieu, a former Rancocas three-year-old. Changa, another former Rancocas star and claiming the now popular sire Katsang, as his dad, is another of whom great things are expected.

The keen sprinters, Old Kickapoo and Peavo, Zest, a two-year-old son of Zest, likewise eligible for both Coffroth and Derby. Cancho, Dr. Wilson, Frank G. Menke, Caroline, Speedy Shaw, a two-year-old, Zella, a two-year-old filly by Zest, Prattle, Lady Hollywood and Bridgemoor comprise the rest of the Dempsey string.

Lone Counter Marked End of Close N.H.L. Game; Maroons Win

Himes' Goal Gives Gotham Crew Victory Over Capitals—Maroons Whitewash Leafs—Bruins Shut Out Pirates

NEW YORK, Nov. 27.—The New York Americans kept their record clear of defeats and climbed to the top of the international division of the N.H.L. tonight by taking a 1-0 decision from the Ottawa Senators.

A brilliant individual play by Himes brought the only goal of the game. In the middle of the second period, Himes worked his way through the entire Ottawa team to within a few feet of the goal and beat Connell with a perfect shot.

Line-Up
Americans: Walsh, Goal; Connell, Defence; Clancy, Defence; Burch, Centre; Neighbor, Wing; Broadbent, Wing; Finnegan, Sheppard, Wing; Touhey, Himes, Sub.; Smith, Sub.; Connors, Sub.; Halliday, Sub.; McVeigh, Sub.; Shields, Simpson, Sub.; Elliott, Dye, Sub.

SUMMARY
First period—No score.
Second period—1, Americans, Himes, 13:26.
Third period—No score.

MAROONS GET REVENGE
MONTREAL, Nov. 27.—The Montreal Maroons returned to home ice tonight, after suffering a 4-1 defeat at the hands of Connie Smyth's Maple Leafs at Toronto, Saturday, and plattered a 4-0 beating on the same team that defeated them at the Ontario capital. The Maroons, strengthened by the return of Hockey Smith, their regular centre, outplayed the visiting team at all angles.

Line-Up
Maroons: Chabot, Goal; Duncanson, Defence; Day, Defence; H. Smith, Centre; Carson, Elsworth, Wing; Cox, Ward, Wing; Bailey, Sub.

SUMMARY
First period—No score.
Second period—No score.
Third period—1, Boston, Oliver, 4:00.

Scored Victoria's Lone Marker

Victoria City Will Meet Esquimalt While Greenhills Have Sausage Thistles to Dispose Of

Two interesting soccer matches are billed for Saturday when First Division teams will meet in the first round of the Peden Cup. Victoria City will have Esquimalt to contend with at the Royal Athletic Park, while Victoria Greenhills will be on a par with the other. The games are bringing together two of the top teams against two teams occupying second berth in the league standings. That's the situation in a nutshell so the fans can figure it out for themselves which will be the feature tussle.

Windsor and Tigers Win Canpro Games

TORONTO, Nov. 27.—Windsor Bulldogs stepped up a rung in the Canadian Professional Hockey League, standing last night when they defeated the Niagara Falls Cataracts, who are in second place, 3-2, in Niagara Falls. This leaves Windsor only two points behind the Falls and four behind Detroit, the league leaders.

The Hamilton Tigers broke into the winning column for the first time this season when they beat the Buffalo Bisons, 5-3, at Hamilton. The American team has lost four games and won none.

Nanaimo Bowling

NANAIMO, Nov. 27.—In last evening's bowling fixture on Nanaimo Club Alleys, the Imperial Laundry broke the pins for a high single game of 330 pins, thereby taking the lone point from the Marine Three Stars. C. Baker, of the Marine, played high single with 162 pins, and J. Freer played high aggregate with 300 pins. The scores were:

IMPERIAL LAUNDRY
P. Foley — 152 135 177 — 464
T. Naylor — 156 139 162 — 457
E. Harris — 134 148 176 — 458
R. Waugh — 149 102 179 — 430
J. Sandland — 144 177 135 — 456
735 701 839 — 2266

MARINE THREE STARS
B. Burns — 110 126 109 — 345
J. McGregor — 111 137 144 — 392
C. Carr — 130 140 144 — 414
C. Baker — 112 182 162 — 456
J. Freer — 160 179 161 — 500
628 764 742 — 2134

Delegates Named
WINNIPEG, Nov. 27.—The following delegates to attend the annual meeting of the Amateur Athletic Union of Canada, at Port Arthur, were named at a meeting of the Manitoba branch of the union tonight as follows: L. A. Johnson, F. H. Marples, W. A. Aldritt, W. E. Armstrong, J. I. Morkin, and C. Robinson.

PORTLAND WINS FIRST GAME AT CUBS' EXPENSE

Senators Taste First Defeat of Season at Hands of New York Americans

VISITING GOALIE ROBS VICTORIA OF WELL-MERITED WIN

Locals Outplay, Outskate and Outgeneral Rose City Squad, But Go Down to 3 to 1 Defeat in Spectacular Display—Work of Hardaker Shines Out in Buckaroos' Victory

Borland Scores Cubs' Lone Marker On Pass From Kelly in Last Frame

Portland Buckaroos were the under-dogs for the other two teams in the Pacific Coast Hockey League, and it was a 10-0 rout in the first game that they would have been for the Victoria Cubs last night at the Victoria arena. It had not been for a certain young fellow by the name of Jack Kennedy, who guarded the net for the Rose City squad, but after that session the sparks began to fly in all directions.

The first quarter was rather slow, the second hot and the third red hot. Neither the Cubs nor the Buckaroos warmed up to things in the opener, but after that session the sparks began to fly in all directions. Victoria should have won, but they didn't. There is no room for doubt as to which was the superior aggregation, but Hardaker apparently did not like being at the tail-end all the way, and his play was the bright light of the game. Victoria were pulled in all angles in the last two sessions, but the American seemed to be in his glory and pulled off phenomenal saves. He fell on his knees, and the full length of the goal, kicked shots out with his feet, hit them with his stick and caught them like a "big league" backstop in one of the finest displays of goal tending seen here for years. He was half of the Portland team, and then some.

CUBS OUTSHINE BUCKS
Victoria outshone the visitors in team play, individual play, and, in fact, everything but chalking up markers. But at that it cannot be said that Portland did not possess talent. After gaining a two-goal lead, they packed their defence tighter than a can of sardines, and not once did more than two men go up on the attack. The Portland defence checked all rushes with amazing speed and they broke up some dangerous looking plays before they reached the defence.

There was plenty of heavy checking thrown in, and defence was a constant state of many questionable plays. Outside of handling out three minors for tripping, another for loafing, "Mickey" was content to let the team go at it. He called the offside with the eye of a hawk, especially when the Cubs were the guilty ones.

TWO BY SECOND
The first period was scoreless, but in the second stanza the Buckaroos snared a brace from the sticks of McGoldrick and Pratt. The latter gave the Americans three to work on after four minutes of play in the third canto, and the Cubs secured their lone marker when Borland slapped one home seven minutes later on a pass from Kelly. It looked like the Cubs were going to come from behind to clinch another game, but Hardaker was not in any mood for such a display.

The teams seemed to be measuring each other up in the first frame, and there were not many sensational plays, although several times the fans came to their feet. Evans tested the Portland goalie with the first shot on a pass from Borland, but it was saved. Redpath forced the visiting cage to show some stuff, which he did by kicking out a bullet drive to the corner. Three more times, within about as many seconds, Hardaker was extended, but he turned the shots away with the ease and coolness of a veteran.

Cliff O'Meara, who made his first appearance of the season, brought the fans out of their seats, when he tricked the Bucks' defence and went through, but once more Hardaker showed his stuff. In between times Robertson was not idle by any means and twice in a row he was forced to his knees to save from Conn and McGoldrick. Leacock scored on a combined rush from Kelly and Evans, but he was called off-side.

The most dangerous Portland rush of this period came when "Babe" Morrison and Conn went off with Pratt. The latter got by, but Robertson fell flat and gathered the rubber in for a splendid save.

Dave Downie gave the fans another thrill when he slapped Kelly's rebound against the hands of Hardaker. It was a close call for Portland. From here on the Bucks began to lumber up and three three-man rushes were engineered, but Borland and Redpath halted them all. Cubs worked hard to get through, and although Kelly, Leacock and Evans got by the visiting defence, they failed to beat the hardnut in the Portland cage.

FAST SECOND PERIOD
The teams opened the second period fast, and after three minutes followed, Victoria knocked at the Bucks' defence time after time, but they failed to gain admittance. Twice Downie, O'Meara and Redpath were close, though no markers were registered.

Portland broke the ice after eight minutes of play when the hefty McGoldrick, who holds down the right defence, came up and drove a stinging, low shot to the corner of the hump from the blue line. It hit just inside the pipe and gave McGoldrick little chance like he was going to repeat, but Robertson gathered in his wicked drive from a few feet.

Victoria then massed their attack and three-man rushes with splendid combination ruled. Twice they were pulled off for being ahead of the play, and on another occasion Hardaker fell to the ice to block Evans' drive.

Downie spout a likely looking play a minute later when he teamed with Evans and Leacock, went by one defence man and then hogged the rubber. Redpath, the fiery-headed local second line man, had tough luck after relieving Pratt of the disc. "Red" went through the Rose City defence, with some beautiful stickhandling, but the rubber went on its edge and his shot never left the ice.

Pratt, who tried to rough it with Redpath and Bufford in the first frame, but who apparently figured the local defenceman were just as tough, if not tougher, put the Buckaroos two up when he slapped McGoldrick's rebound home five minutes after the first goal. It was a tough break for the local goalie, McGoldrick shot blocked perfectly, but the elusive rubber got tangled up in Robertson's pads, and before the local goalie could clear, Pratt, with lightning speed, came in and drove it again to the net.

Victoria then set to real work, and they fired shot after shot against Hardaker, but he was unbeatable. Three minutes before time expired McGoldrick spilled Downie, and the midjet Cub forward had to be carried from the ice. He returned in the third period.

The attempt to body Skipper Bill Borland by Daly will be remembered for the Portlanders for a long time. A second before the second frame whistle sounded, Daly tried to show Borland that he could get by, via the art of bodychecking; but it was a futile attempt, and when it ended the Portland defence man was assisted off the ice.

BIG LEAGUE STUFF
The third frame was good enough in any league. The teams buckled down to real hockey, with the Bucks leading a three-man defence throughout. Victoria pounded, hammered, and used rock-crusher methods in an attempt to break through.

TWO BY SECOND
The first period was scoreless, but in the second stanza the Buckaroos snared a brace from the sticks of McGoldrick and Pratt. The latter gave the Americans three to work on after four minutes of play in the third canto, and the Cubs secured their lone marker when Borland slapped one home seven minutes later on a pass from Kelly. It looked like the Cubs were going to come from behind to clinch another game, but Hardaker was not in any mood for such a display.

The teams seemed to be measuring each other up in the first frame, and there were not many sensational plays, although several times the fans came to their feet. Evans tested the Portland goalie with the first shot on a pass from Borland, but it was saved. Redpath forced the visiting cage to show some stuff, which he did by kicking out a bullet drive to the corner. Three more times, within about as many seconds, Hardaker was extended, but he turned the shots away with the ease and coolness of a veteran.

Cliff O'Meara, who made his first appearance of the season, brought the fans out of their seats, when he tricked the Bucks' defence and went through, but once more Hardaker showed his stuff. In between times Robertson was not idle by any means and twice in a row he was forced to his knees to save from Conn and McGoldrick. Leacock scored on a combined rush from Kelly and Evans, but he was called off-side.

The most dangerous Portland rush of this period came when "Babe" Morrison and Conn went off with Pratt. The latter got by, but Robertson fell flat and gathered the rubber in for a splendid save.

Dave Downie gave the fans another thrill when he slapped Kelly's rebound against the hands of Hardaker. It was a close call for Portland. From here on the Bucks began to lumber up and three three-man rushes were engineered, but Borland and Redpath halted them all. Cubs worked hard to get through, and although Kelly, Leacock and Evans got by the visiting defence, they failed to beat the hardnut in the Portland cage.

FAST SECOND PERIOD
The teams opened the second period fast, and after three minutes followed, Victoria knocked at the Bucks' defence time after time, but they failed to gain admittance. Twice Downie, O'Meara and Redpath were close, though no markers were registered.

Portland broke the ice after eight minutes of play when the hefty McGoldrick, who holds down the right defence, came up and drove a stinging, low shot to the corner of the hump from the blue line. It hit just inside the pipe and gave McGoldrick little chance like he was going to repeat, but Robertson gathered in his wicked drive from a few feet.

Victoria then massed their attack and three-man rushes with splendid combination ruled. Twice they were pulled off for being ahead of the play, and on another occasion Hardaker fell to the ice to block Evans' drive.

Downie spout a likely looking play a minute later when he teamed with Evans and Leacock, went by one defence man and then hogged the rubber. Redpath, the fiery-headed local second line man, had tough luck after relieving Pratt of the disc. "Red" went through the Rose City defence, with some beautiful stickhandling, but the rubber went on its edge and his shot never left the ice.

Pratt, who tried to rough it with Redpath and Bufford in the first frame, but who apparently figured the local defenceman were just as tough, if not tougher, put the Buckaroos two up when he slapped McGoldrick's rebound home five minutes after the first goal. It was a tough break for the local goalie, McGoldrick shot blocked perfectly, but the elusive rubber got tangled up in Robertson's pads, and before the local goalie could clear, Pratt, with lightning speed, came in and drove it again to the net.

Victoria then set to real work, and they fired shot after shot against Hardaker, but he was unbeatable. Three minutes before time expired McGoldrick spilled Downie, and the midjet Cub forward had to be carried from the ice. He returned in the third period.

The attempt to body Skipper Bill Borland by Daly will be remembered for the Portlanders for a long time. BIG LEAGUE STUFF
The third frame was good enough in any league. The teams buckled down to real hockey, with the Bucks leading a three-man defence throughout. Victoria pounded, hammered, and used rock-crusher methods in an attempt to break through.

Dave Trotter Signs to Play With Montreal

MONTREAL, Nov. 27.—The management of the Montreal Maroons announced just before the start of tonight's game with Toronto Maple Leafs that they had definitely signed Dave Trotter, Canadian Olympic star. Trotter started this season with the Victoria, a local team, in the senior group of the Quebec Amateur Hockey Association.

Trotter was not in uniform for tonight's contest against the Leafs, owing to an injured foot suffered in an amateur game last night.

through and, at times, four-men rushes were the order. But still Portland held. Four minutes of reckless hockey went by and each of the goalies were called upon in short shifts.

Pratt started Bobby Rowe cheering when he and McGoldrick went up together, with the latter slugging out a drive which rebounded from Robertson's pads. Like a hawk Pratt went in, took the rubber and slapped it home to put Portland three up.

Then the Cubs grew terribly hungry, and Hardaker was their meat, but the local juggernaut only got a hindquarter. It came when Bill Borland, Kelly, and O'Meara went up. Borland passed to Kelly on the left wing after he had opened up the defence. Then Skipper Bill went through, accepted Kelly's pass and drove it home. Twice Downie, O'Meara and Redpath were close, though no markers were registered.

Portland pounded away following their lone marker and Redpath, Leacock, Evans and Kenny drove bullet drives against the Portland goalie, but without results. The Cubs literally swarmed all over the Bucks, and had Portland dizzy from their repeated onslaughts.

The work of Kelly, Redpath, Evans and Downie was outstanding for the local tribe, while Pratt, McGoldrick and Hardaker shone out for Portland, the latter like a tone star.

THE LINE-UP
Portland—Robertson, goal; Hardaker, defence; McGoldrick, defence; Kelly, centre; Conn, O'Meara, wing; B. Morrison, wing; Pratt, wing; Armstrong, Leacock, Chagnon, sub; P. Runge, I. Morrison, Referee—Mickey Ion.

SUMMARY
First period—None.
Second period—1, Portland, McGoldrick, 8:10; 2, Portland, Pratt, 5:20.
Third period—3, Portland, Pratt, 4:45; 4, Victoria, Borland from Kelly, 7:34.

PENALTIES
First period—B. Morrison, Kenny.
Second period—None.
Third period—McGoldrick, Armstrong.

LEADING ONTARIO RUNNERS WILL GO TO UNITED STATES

TORONTO, Nov. 27.—A number of Ontario's best-known runners will participate in several races next Thursday, Thanksgiving Day in the United States. The monarch A.C. Toronto, will send a team consisting of Al Mitchell, Fred Phillips, Will McCuskey, Bob McCurdy, Gordon Reid, and Harry Barker, to the annual six-mile cross-country run. McCuskey captured this event two years ago.

Fred Grant, Galt, will go to Detroit, while two and possibly three from this province will take part in the famous Berwick marathon at Berwick, Pa. "Chase" Snell, Toronto, and Billy Reynolds, of Galt, have accepted, and it is possible that Cliff Bricker, also of Galt, will be a star.

The formation of a playing fields association in Victoria on similar lines to the National Playing Fields Association of Great Britain is being seriously considered by a representative committee of various sports organizations in this city. This committee met at the Chamber of Commerce last night and after a general discussion of Victoria's playing fields, during which they came under fire, the party nominated a committee of three to draw up a constitution and report back at their next meeting in the very near future. The committee is as follows:

W. T. Straith, chairman; Major Simpson and Mr. Hodgson.

DECIDED SHORTAGE
It was pointed out that there is a decided shortage of athletic fields at the present time and even some that are being used are far from being in first-class condition. The matter of dressing rooms was also discussed, and the committee were of the opinion that not only did Victoria need fields suitable for playing different games but dressing-rooms accommodation was also a thing that was badly needed.

W. T. Straith, president of the Junior Chamber of Commerce, who occupied the chair during the meeting, stated that the sports committee of his body has on hand the sum of \$406, which was raised last year for the purpose of bettering local fields.

FINANCES DISCUSSED
Several suggestions were put forward as to raising funds for the scheme, including that of asking the various athletic bodies to stage exhibition games.

The first steps for forming the proposed organization were made last night by the appointment of the committee. In the meantime it was decided that wait until the committee convenes again. There is not the slightest doubt, however, in the minds of those who attended last night's meeting that the formation of such a body would eliminate many unnecessary troubles so far as playing grounds in this city are concerned.

Ketchel Was One of the Greatest Middleweights

Fought Jack Johnson for Heavyweight Title and Scored Knockdown Before Taking Count—Jack O'Brien Was Top-Notcher

By TOMMY LOUGHNAN
Light-weightest champion of the world, it was just about eighteen years ago that Stanley Ketchel was killed. I was a little fellow then, and hadn't even heard his name mentioned, but I do wish I could have seen him. He must have been a marvellous fighter.

In style, they tell me he was something. He was a right kick in each hand, and he was fairly fast himself. Ketchel really had only seven years of fighting. During that time he fought and whipped almost every good man of his weight in the world, including "Philadelphian" Jack O'Brien, Billy Papke, Joe Thomas, Frank Klaus and Sam Langford. He was the only middleweight, aside from Bob Fitzsimmons, who got a shot at the heavyweight championship of the world.

Stanley, weighing 160 pounds, fought Jack Johnson at Colma, Johnson came in about forty-five pounds heavier. There is no doubt Johnson was one of the best defensive boxers among the heavyweight champions, yet he had a hard time keeping little Ketchel away; and just before he scored his knockout in the twelfth round, Stanley knocked him down.

ONE OF THE BEST
Talking about middleweights, you can't miss Jack O'Brien. The Philadelphian, in his style, was one of the great ones. In many fights with the greatest men in the world, he lost only a couple of decisions, and there is only one mention of a knockout in his record, though he really was stopped on another occasion—actually, if not technically.

He was defeated twice by Ketchel. The first time they met, O'Brien outpointed Stanley and cuffed him around as he pleased for nine rounds and about two minutes and fifty-three seconds of the tenth. Then Ketchel landed one, and O'Brien was on the floor, unconscious, when the last bell sounded. Keating and Fourax will stage the third act in the show, and then Keating senior "B" and J.B.A.A. will clash in the final battle.

NORMAL AND HIGH SCHOOL HOOPERS GAIN EVEN BREAK

Snowfalls in the city during the moments of the game gave Normal School a 20-18 victory over Victoria High School in the latter's gymnasium yesterday afternoon. In the first tussle High School "B" won by a 17-10 score over Normal.

Pla-Mors Win
Kansas City Pla-Mors defeated Tulsa Oilers, 4-0, in the opening game of the American Association Hockey season here tonight. The Pla-Mors displayed excellent offensive and defensive play throughout the contest.

Complete Card For Saturday's Boxing Released

The full card of events for Joe Bayley's boxing show, which is to be played at the Tillamook Club gymnasium Saturday night is as follows:
Main Event, 10 Rounds, 118 Lbs. Albie Davies, Victoria, vs. Harvey Holliday, Vancouver.
Semi-Weight, 4 Rounds, 170 Lbs. Ted Beales, Victoria, vs. Jack McLean, Duncan.
Four Rounds, 136 Lbs. Tim Keat, Victoria, vs. Chris McArdie, Vancouver.
Four Rounds, 165 Lbs. Charlie Storey, Victoria, vs. Battling Hanson, Vancouver.
Four Rounds, 126 Lbs. Danny Pastore, Victoria, vs. Wing Hay, Vancouver.

Canadian Nationals Declared Champions
MONTREAL, Nov. 27.—Canadian Nationals, of Montreal, were today declared intermediate football champions of Canada. President S. C. Holland, of the Canadian Rugby Football Union, announced that the Ottawa Blue Devils, Ontario Rugby football winners, had decided not to compete against the local team, Quebec Rugby Football Union winners, in the Dominion finals here next Saturday.

OSHAIA Nov 27—The executive and players of the Oshawa Blue Devils, intermediate champions of the O.R.F.U., decided not to continue in the Canadian Rugby Union play-downs, owing to injuries.

Lone Counter Marks End of Close N.H.L. Game; Maroons Win

Himes' Goal Gives Gotham Crew Victory Over Capitals—Maroons Whitewash Leafs—Bruins Shut Out Pirates

NEW YORK, Nov. 27.—The New York Americans kept their record clear of defeat and climbed to the top of the international division of the N.H.L. tonight by taking a 1-0 decision from the Ottawa Senators. A brilliant individual play by Himes brought the only goal of the game. In the middle of the second period, Himes worked his way through the entire Ottawa team to within a few feet of the goal and beat Connell with a perfect shot.

Line-Up
Americans—Goal—Connell; Defence—Boucher, Clancy, Nighbor; Wing—Pinnegan, Touhy; Sub—Smith; Connors—Sub—Halliday; McVeigh—Sub—Shields; Simpson—Sub—Elliott; Dye—Sub—Elliott.

SUMMARY
First period—No score.
Second period—1, Americans, Himes, 13:28.
Third period—No score.

MAROONS GET REVENGE
MONTREAL, Nov. 27.—The Montreal Maroons returned to home ice tonight, after suffering a 4-1 defeat at the hands of Connie Smyth's Maple Leafs at Toronto, Saturday, and plastered a 4-0 beating on the same team that defeated them at the Ontario capital. The Maroons, strengthened by the return of Hockey Smith, their regular centre, outplayed the visiting team at all angles.

Line-Up
Maroons—Goal—Chabot; Defence—Duncan, Day, H. Smith, Centre—Carson, Stewart, Wing—Cox, Ward—Wing—Bailey.

SUMMARY
First period—No score.
Second period—No score.
Third period—1, Boston, Oliver, 4:00.

Scored Victoria's Lone Marker

PEDEN CUP GAMES CARDED SATURDAY

Victoria City Will Meet Esquimalt, While Greenhills Have Saanich Thistles to Dispose Of

Two interesting soccer matches are billed for Saturday when First Division teams meet in the first round of the Peden Cup. Victoria City will have Esquimalt to contend with at the Royal Athletic Park, while Victoria West and the Saanich Thistles will do battle at Beacon Hill. The kick-offs are set for 2:45 o'clock.

To pick the feature game is a task that would make the most time-worn of fans stop and ponder for many hours. In fact, it appears safe to assume that one will be a par to with the other. The game are bringing together two of the top teams against two teams occupying second berth in the league standing. That's the situation in a nutshell, so the fans can figure it out for themselves which will be the feature tussle.

Windsor and Tigers Win Canpro Games

TORONTO, Nov. 27.—Windsor Bulldogs stepped up a rung in the Canadian Professional Hockey League standing last night when they defeated Niagara Falls Cataracts, who are in second place, 3-2, in Niagara Falls. This leaves Windsor only two points behind the Falls and four behind Detroit, the league leaders.

The Hamilton Tigers broke into the winning column for the first time this season when they beat the Buffalo Bisons, 5-3, in Hamilton. The American team has lost four games and won none.

Nanaimo Bowling

NANAIMO, Nov. 27.—In last evening's bowling tussle on Nanaimo Club Alleys, the Imperial Laundry broke the pins for a high single game of 390 pins, thereby taking the odd point from the Marine Three Stars. C. Baker, of the Marine played high single with 182 pins, and J. Freer played high aggregate with 590 pins. The scores were:

IMPERIAL LAUNDRY
F. Botley 152 135 177 464
T. Taylor 156 139 163 458
E. Harris 134 146 176 456
R. Waugh 140 102 179 421
J. Sandland 144 177 125 446

MARINE THREE STARS
B. Burns 116 126 108 350
J. McGregor 116 137 166 419
C. Carr 130 140 144 414
C. Baker 112 182 162 456
J. Freer 160 179 161 500

Delegates Named

WINNIPEG, Nov. 27.—The following delegates to attend the annual meeting of the Amateur Athletic Union of Canada, at Port Arthur, were named at a meeting of the Manitoba branch of the union tonight, as follows: L. A. Johnson, P. H. Marples, W. A. Aldrich, W. E. Armstrong, J. I. Morkin, and C. Robinson.

Dempsey to See Opening Of Tijuana Race Meeting

Former Heavyweight Champion's Stable Will Have Entry in Cofroth and Tijuana Derby—Dr. Wilson May Run in Opening Feature

TIJUANA, Mex., Nov. 27.—Jack Dempsey, former heavyweight champion of the world, wired Eugene Normie, jockey club official and his former manager, that he would be here on Thanksgiving Day, opening of the long winter race meeting to be staged under the direction of James W. Cofroth. Dempsey said he will campaign an extensive string of horses here this winter and will probably see his colors in action in the Thanksgiving Handicap, the opening feature. Dempsey said in his wire that he would positively have a starter in both the \$130,000 Cofroth Handicap and the \$35,000 Tijuana Derby.

DR. WILSON MAY RUN
Dr. Wilson, winner of last year's Tijuana Derby, may be bearer of his former champion, but the entire string in fine fettle after a successful campaign on the New York circuit.

The Doctor is being primed for the opening gun after a long rest. Dempsey spent considerable money in New York last summer to buy himself suitable candidates for the Cofroth Handicap and the Derby several days earlier. One of his outstanding purchases was Beowulf, a former Rancocas three-year-old Changa, another former Rancocas star and claiming the now popular sire Kalamang, as his dad, is another of whom great things are expected. The keen sprinters, Old Kickapoo and Peavo, Zest, a two-year-old son of Zest, likewise eligible for both the Cofroth and Derby. Cancho, Dr. Wilson, Frank O. Menke, Carroll, Speedy Shaw, a two-year-old; Zala, a two-year-old filly by Zev, Pratley, Lady Hollywood and Bridgman, comprise the rest of the Dempsey string.

Boxers May Be Out But Still in Tex's Heavy Eliminations

Rickard's Series Appear Like the Old Mill Stream and Go On Forever, Trumbull Says—Bachelors Vs. Benedicts Is Line-Up Now

By WALTER TRUMBULL
(Copyright, 1928, by the North American Newspaper Alliance)

"Marriage and Hanging," said Robert Burton, "Go by destiny." If the author of the anatomy of melancholy had coupled marriage with championships, he would have furnished us with a better text for remarks on the heavyweight division. I will explain the relation of those matters in due course.

Tex Rickard realizes that he cannot take all of his customers to the sunny fishing and croquet grounds of Florida. When, therefore, Wintour touches them with icy hands and the great outdoors in Northern latitudes is fit only for Eskimos and

Polar bears, the heart of the great promoter is touched and he provides heat, light and entertainment in the garden, for all who have the price of admission.

A large portion of the entertainment consists of heavyweight elimination bouts. The striking feature of these bouts is that no one ever is permanently eliminated, unless he happens to catch cold while lying on the canvas and remains in the hospital until summer arrives. If, for example, "A" is knocked for a loop by "B," he is immediately matched with "C." Then "B" gets a chance at the winner. Thoroughly to understand this system you must remember that there are twenty-six letters in the alphabet and then you must study the laws of permutations and combinations. You will perceive that, even with less than twenty-six contenders, Mr. Rickard can get through the winter very comfortably.

SUPPLY MIGHT RUN OUT

The system really is a form of philanthropy. If any contestant were permitted permanently to be

Played Nice Hockey for Local Team

JIMMY EVANS
Crafty local centre man, who displayed great work with the local hockey team, was a somewhat similar style to the veteran players and his play was favorably commented on.

eliminated, the supply might run out long before the fragrant breath of spring whistled to the canvas.

That the streets were safe from frost-bitten noses and gripe germs. Mr. Rickard is determined that this shall not happen. The garden will be a source of heat, light and well being so long as a heavyweight and a customer remains.

I now arrive at the subject of marriage and championships. Surely you have noticed that Mr. Rickard's heavyweight contenders may be divided into two classes—bachelors and benedicts. This is going to be an elimination between the married and single men.

Jack Sharkey, Knute Hansen, Young Stribling, Jack Delaney, Arthur de Kuh, and others, already have been eliminated as single men. They are all married and are fathers of considerable families. This list may be considered fairly permanent.

Among the bachelors are said to be Paulino Uzcudun, Max Schmeling, Roberto Roberti, Jack Dorval, Tommy Loughran and Tuffy Griffiths. This list is subject to change any day.

The question is from which list will the next heavyweight champion come? Will he be a bachelor or a married man, a lone wolf or the leader of a pack?

Jack Dempsey is, of course, a married man. Gene Tunney, retired champion, always said that after he was married he would never fight in the ring again and intends to keep his word. Gene is now a benedict and a peaceful visitor to Italy.

MAY BE GOLF IDEA

It may be that Mr. Rickard got his idea for his coming indoor tournament from golf. The great promoter is an enthusiastic member of that largest of social organizations, the Niblick Club, and no doubt has noticed that golf holds father and son, grandfather and grandson, mother and daughter, and cousin tournaments, and so he has conceived the notion of a single and married tournament for boxing.

You will notice that when Tex Rickard and some friends made a pool on the next heavyweight champion, the boss of the garden, being a married man himself, backed the chances of Willie Stribling. Or it may be that while closely associated with Tunney, Rickard became a bookman and ran across that verse of Kipling's. I refer to the verse which says that: "The bachelor will miss you clear to fight another day; but the married man, 'e says 'No fear!' 'e wants you out of the way."

There may be something in it.

Loses on Foul

SEATTLE, Nov. 27.—A free-swinging battle between Dode Berot, Monroe, Washington, middleweight, and Jackie Johnson, Everett, ended abruptly in the third round, when Johnson fouled the "Bearcat." They were matched for six rounds. The Everett boy had been warned several times by the referee, Berot weighed 150 pounds and Johnson 147-2.

Basketball Lessons

How is the "opposite guard" play executed?
Answered by JOHN SCHOMMER
Armour Institute of Technology

The "opposite guard" play can be used successfully against the best basketball teams at least three or five times during a game. A guard takes the ball out of bounds and the centre and two forwards on his team rush toward him to take the pass. However, he does not pass to them. What he does do is to bluff to them and actually pass to the other guard who has run down the floor. This calls for a long pass who is to receive the pass on the run. Almost always this play will result in a "sucking in" of the opposing players and will allow a clear shot at the basket. The guard who makes the pass from out of bounds must drop back immediately to "cover up."

LEAGUE MATCHES SCHEDULED TODAY

Hudson's Bay Will Battle Saanich United at Royal Athletic Park—Bakers Meet Navy

Rennie & Taylor vs Navy at Beacon Hill; Hudson's Bay vs Saanich United at the Royal Athletic Park. That's how the mid-week teams will stack up today in the opening fixtures of the league schedule for the Pendray Cup, emblematic of the championship of the loop. Both games will start at 2:30 o'clock.

Rennie & Taylor, who commenced their 1928-29 activities in the Wednesday League by retaining the Hayward Cup, will have their hands full when they clash with the sailors at Beacon Hill. The Tars have a much stronger squad than in previous years and are expected to give the Bakers a tough battle.

Saanich United, better known perhaps as the babies of the loop, have shown a vast improvement over their last season's form, and when they step up against the boys of the green and gold today at the Royal Athletic Park should give a good account of themselves. Haggard, a former Bakers' forward, has moved up to the centre forward position in an effort to add punch to the attack, while Larry Kennedy, Thistles' star, has been moved to the defence.

The teams announced for today's games follow:

Hudson's Bay—Shrimpton, Gardiner, Armstrong, Kerchin, Clarke, Oakman, Apple, Fish, Woodie, Mair and Cull.

Saanich United—Tooby, Ash, Kennedy, Stonier, Moir, Love, Brown, Barry, Hagen, Hawkes and Burdick.

Rennie & Taylor—Geddes, Newman, Tupman, Rutledge, Wright, Stewart, Taylor, McClinnon, Nex, Purdy and D. Geddes.

Navy—Barker, Alexander, Whyte, Hall, Plummer, Robertson, C. Whyte, Marr, Coles, Watt, Robinson and Cozier.

Handicap Shield Won by Lineham

Harold Lineham defeated J. N. Findlay in the golf finals of the Handicap Shield competition held at the Colwood Golf and Country Club on Sunday, eight and six.

The complete results of the various rounds during the competition follow:

FIRST ROUND
J. H. Richardson (16) won from J. Cummings (16), 1 up.
J. N. Findlay (10) won from F. J. Hall (20), 4-3.
P. Criddle (16) won from A. J. Grey (24), 2 up.
C. Denham (16) won from J. V. Weston (18), 5-4.
A. W. Millar (18) won from Alec Straith (9), 4-2.
T. H. Leeming (16) won from J. H. Lee (14), 1 up.

L. W. Rines (10) won from J. H. Stevens (11), 3-2.
George Simpson (9) won from V. G. Martin (16), 3-2.
E. W. Ismay (9) won from J. R. MacIntyre (18), 2-1.
H. Lineham (3) won from B. E. H. (16), 1 up.

C. S. Whitting (11) won from W. W. Hall (7), 5-4.
W. Cathcart won from Dr. Graham (12), 3-1.
P. Thomas (4) won from G. Wilkinson (12), 4-3.

R. J. Darcus (9) won from T. S. McPherson (12), 2 up.
C. H. Hall (3) won from A. B. Christopher (7), 2-1.
H. A. Hinks (16) won from J. L. Mara (17), 1 up.

SECOND ROUND
J. N. Findlay won from C. Denham, 4-3.
C. Denham won from P. Criddle, 7-5.
A. W. Millar won from T. H. Leeming, 7-5.
L. D. Rines won from George Simpson, 3-2.
H. Lineham won from E. W. Ismay, 4-3.
W. Cathcart won from C. S. Whitting, 6-5.
R. J. Darcus won from P. Thomas, 1 up.
H. A. Hinks won from G. H. Hall, 6-5.

THIRD ROUND
J. N. Findlay won from C. Denham, 6-5.
A. W. Millar won from L. D. Rines, 2-1.
H. Lineham won from W. Cathcart, 4-3.
H. A. Hinks won from R. J. Darcus, 2-1.

SEMI-FINALS
J. N. Findlay won from A. W. Millar, 4-2.
H. Lineham won from H. A. Hinks, 5-4.

ENGLAND DEFEATS QUEENSLAND TEAM IN CRICKET GAME

BRISBANE, Australia, Nov. 27.—(Canadian Press Cable via Reuters).—England defeated Queensland in a cricket match which ended here today by an innings and 17 runs. Scores: England, first innings, 283 runs; Australia, 116 and 160.

With three wickets down, Queensland continued their second innings today 138 runs in arrears. Queens, the English bowler, was in deadly form, and the Australians were all out in three runs. His average was five wickets for 47 runs.

MISS BENSON AND MRS. PRICE WIN IN HIDDEN-HOLE GOLF

Miss Benson was the winner of the class "A" hidden-hole competition played at the Victoria Golf Club yesterday. Mrs. Price carried off the honors in class "B."

St. Louis Wins

ST. LOUIS, Mo., Nov. 27.—St. Louis professional hockey set back through in flashy style tonight to defeat last season's American Association champions, Minneapolis, at the Winter Garden rink by a score of 3 to 2.

BOWLING

SCRIBES DROP THREE Judging by the scores registered by the Times series, on the Arcade Alley yesterday, in their Fivemin League match with the Quinnettes, it looks as if they are more at home spilling ink than pins. The writers dropped three straight games, but the winners fell down so badly in their last game that their margin of victory was only four pins. J. Quinn led the scores with 494 and 184. Scores follow:

Times Series					
L. Fox	141	148	128	417	
L. Solloway	85	113	146	344	
J. Nesbitt	102	120	116	338

No Feeling of Security as Ball Manager

"Bill will leave here around March 1 for New York, where he will compete in various cycle meets, but whether he remains an amateur or turns professional I do not know. He has been offered several positions since his return to Canada, but that is entirely up to himself," said the senior Mr. Peden.

During the evening, J. H. Beatty, M.P., gave an address illustrated by lantern slides of his journey to the Old Country last year and of the battlefields, and aviation in England.

The following took part in the musical entertainment: George Dobbie, G. A. Farmer, George Ingelaw, A. H. Gaiger, the lady impersonator, and W. G. Sherriff, the comedian.

George Dobbie, with a chorus of Alderman Robert Dewar, Alderman P. R. Brown, J. H. Beatty, H. W. Greelman, Alex. Peden and John Peden, led the singing of "Come to Victoria."

TO GO TO NEW YORK
"Bill will leave here around March 1 for New York, where he will compete in various cycle meets, but whether he remains an amateur or turns professional I do not know. He has been offered several positions since his return to Canada, but that is entirely up to himself," said the senior Mr. Peden.

RACING

CHURCHILL, DOWN, Nov. 27.—Racing results here today follow:

First race—Six and a half furlongs. Perfect Model...1:51 1:25 2:28 Blue Granite...1:40 2:40 Dark Angel...1:35 2:50

Time, 1:23 3-5. Also ran: Little Trotter, Echo Light, Wieraw, All Rights, Adventure, Ada Adler, Rocky Cliff, Dorothy Thistle, Three-Bits, The Cocon, Polly Path, Mulligan's Son.

Second race—Six and a half furlongs. Asincoort...1:48 5:38 5:26 Ever Blue...1:48 5:38 5:26

Time, 1:23 1-5. Also ran: May Teacher, Gray Lady, Xena, Dray, Gitta, Mrs. Vandusen, Fraxinella, Confit.

Third race—Six and a half furlongs. Dar Fur...1:58 5:25 5:10 44 Boan...1:58 5:25 5:10 44

Time, 1:20 3-5. Also ran: Black River, Gilt, Gilt, Anona, Captain Donah, Chrysalis, Dandy Brandy, The Abbott, Martie, Reddy Fox, Chief Uncas, Mum, Ruth, Mae Lee.

THIEVERY RECORD

By stealing an even 100 bases in 1906, Bill Lange, of the Chicago Nationals, set a record that has never been equaled in the major leagues.

'TORCHY' PEDEN GIVEN ADDRESS BY NATIVE SONS

Red-Haired Cyclist Who Brought Fame to Victoria by Making Olympic Team Given Rousing Reception

TO JOURNEY TO NEW YORK SOON

Bill "Torchy" Peden, British Columbia's premier bicycle rider, and the youth who brought the city fame by being the lone Victorian on the Canadian Olympic team, was given a rousing reception by the Junior Native Sons of Canada last evening at the Sons of Canada Hall.

As the red-haired cyclist walked down the aisle attired in the dress that every Canadian wore on the opening day at Amsterdam, he was given three hearty cheers, and the audience began singing "For He's a Jolly Good Fellow," under the direction of George Dobbie, H. W. Creelman, president of the Senior Native Sons of Canada, who occupied the chair during the evening, then called upon A. J. Mowat, president of the junior organization to read the address to Peden. The address was as follows:

Victoria Junior Assembly No. 1 Native Sons of Canada To William John Peden—

One-mile Canadian cycle champion, 1928.
Five-mile Canadian cycle champion, 1928.
Canadian pursuit race champion, 1928.

Member of Canadian Olympic cycle team, 1928.
Holder of twenty-five-mile Scottish track record, 1928.
Holder of twenty-five-mile Southgate, England, track record, 1928.
Undefeated pursuit race rider, 1928.

Dear Sir and Fellow Canadian—Please accept this token of our admiration of you as an athlete and as a Canadian, who has brought honor to Canada.

You have shown to the young men of Canada the priceless value of clean living and its essential as a foundation to athletic success. Good citizenship depends on the ability to "play the game," and we believe the inspiration you have given our youth to excel in sport will prove a creative force in our nation's history.

As Canadians, we share your laurels, and we trust the future holds continued success and happiness for "Torchy" Peden.

On behalf of this assembly, we are, very respectfully,
A. J. MOWAT, President.
V. JONES, Secretary.

Bill Peden was then called upon to express his opinion of the Olympic games.

"I guess there is no need of me telling you about these games, for most of you have read the news in the newspapers, but I have with me the programmes of the various sports and some pictures taken on the opening day, during the parade," said Peden. He then showed his jersey that he wore at the meet, somewhat similar to the one worn by Percy Williams, the sprint king of the world.

The chairman called upon Mr. John Peden to say a few words regarding the future plans of "Torchy."

"Bill will leave here around March 1 for New York, where he will compete in various cycle meets, but whether he remains an amateur or turns professional I do not know. He has been offered several positions since his return to Canada, but that is entirely up to himself," said the senior Mr. Peden.

During the evening, J. H. Beatty, M.P., gave an address illustrated by lantern slides of his journey to the Old Country last year and of the battlefields, and aviation in England.

The following took part in the musical entertainment: George Dobbie, G. A. Farmer, George Ingelaw, A. H. Gaiger, the lady impersonator, and W. G. Sherriff, the comedian.

George Dobbie, with a chorus of Alderman Robert Dewar, Alderman P. R. Brown, J. H. Beatty, H. W. Greelman, Alex. Peden and John Peden, led the singing of "Come to Victoria."

Colds Studied

BALTIMORE, Nov. 24.—Hoping to be able some day to use for the benefit of their patients the new knowledge which is being sought, 140 Johns Hopkins medical students are voluntarily contributing themselves to the investigation of the common cold being conducted by a committee of scientists and physicians of the university faculty.

Their part in the undertaking, which is provided for in the \$195,000 John J. Abel Fund for Research on the Common Cold, established early this year by the Chemical Foundation of New York, is to submit to daily examinations by a group of physicians and specialists.

The purpose of these examinations is to observe the earliest developments in the wide variety of conditions now grouped loosely under the designation of common cold to assist the clinicians and specialists in separating them into specific groups and types so that they can be studied and treated more effectively.

Cheap Tractors

CAMBRIDGE, Mass., Nov. 24.—How supposedly untamable African elephants are trained by Belgian Congo officials to become farm servants, each equivalent to a tractor, is disclosed by members of a Harvard expedition recently returned from Africa. Frederick R. Wulfinck, Peabody Museum, led the expedition.

STOCKS MAKE GAINS THOUGH MONEY TIGHT

Call Rate Goes to 9 Per Cent—Many Issues Nevertheless Advance From 5 to Nearly 20 Points

NICKEL SHOOTS UP ANOTHER 13 POINTS

NEW YORK, Nov. 27.—The stock market ran into the mire of tight money for the first time in several weeks today, but managed to plough through in remarkable style, closing with a wide assortment of issues up 5 to nearly 30 points and about three dozen again resting on new high grounds.

Call money renewed at 7 per cent and was successively stepped up to 9, the highest figure since October 2. Total sales, 5,267,700 shares.

The fireworks of the session were provided by A. M. Byers, which shot up nearly 29 points to a record price of 180. International Nickel was another spectacular performer, shooting up more than 13 points to a new price at 225.34.

Nonferrous metals generally were in urgent demand. Anaconda, Federal Mining, McKenport Tin and United States Smelting broke into new high territory, and National Lead made an extreme gain of about 8 points.

A few automotive shares were pressed vigorously forward. Mack Truck in a burst of renewed activity mounted about 8 points to a new peak at 110. Yellow Truck touched another new top at 56, and Motor

FOREIGN EXCHANGE

NEW YORK, Nov. 27.—Foreign exchange steady.

STERLING EXCHANGE

NEW YORK, Nov. 27.—Demand for sterling exchange 400.

Products and Electric Auto-Lite making extreme gains of around 10 points. Nash Motors touched a new high, and General Motors rallied nearly 3 points.

International Combustion Engineering rose about 10 points to a new top at 78.

Among the soft spots were Good-year, Hershey Chocolate, Canadian Pacific, Commercial Solvents, International Biscuit, Coty, Radio, Western Union and Midland Steel Products preferred, which sagged 2 to 7 points in profit-taking. Wright lost about 5 points, then rallied.

Foreign exchanges were quiet, with sterling and the Canadian dollar firm. Japanese yen had another drop, falling 22 points to 45.83 cents.

Prices worked irregularly higher in the bond market under the leadership of utilities and industrials. Pre-holiday profit-taking, especially in recently active rails, caused some recessions.

FLUCTUATION IN WHEAT AIMLESS

PRICES REACT BELOW PREVIOUS SMALL EARLY RALLY

Weather and Crop Reports From Argentina Less Favorable—Harvesting Proceeding Rapidly

(Supplied by B.C. Bond Corporation, Ltd.)

CHICAGO, Nov. 27.—Wheat was again a rather quiet affair and prices fluctuated aimlessly within a range of 1-1/2 cents. Scattered commission house buying caused a small rally early, but offerings appeared on the advance and prices again fell below the previous small early rally.

Weather and crop reports from Argentina were somewhat less favorable but harvesting is making rapid progress in the northern part and their export offers were lower.

The seaboard reported a somewhat better export demand and sales in all ports were estimated at 500,000 to 600,000 bushels. Winnipeg also claimed a good export business has been worked direct and it is expected that about 2,000,000 bushels will be shipped out before lake navigation closes. Market appears to be a trading affair for the present.

We believe sales on the hard spot will prove safest.

Corn: The market was higher early on consistent commission house buying, but profit taking and sales against offerings checked the upturn and prices declined below yesterday's finish, closing rather heavy. Weather over the belt was favorable for the movement, but forecast indicated snow and rain would fall over parts of the corn states. Would rather sell corn on fair rallies.

WHEAT MARKET IS LESS ACTIVE

Duller Period Reported in Winnipeg Pit—Pool Does Bulk of Business in Export Sales

(Supplied by Branson, Brown & Co., Ltd.)

Winnipeg, Nov. 27.—The wheat market was almost stagnant today with one of the smallest trades passing in the local pit seen in weeks. Opening prices were 1-1/4 lower, based on the cables which were 1-1/2 over last night's close.

There was a little scattered buying during the first period by seaboard houses and mills, but the volume was insignificant. There was no pressure on the market, offerings being extremely light all day, and local sentiment appears to be little friendly to wheat, but no encouragement is received from Liverpool or New York. Exporters stated that overnight export sales were very ordinary, but the pool appears to be doing the bulk of the business and reports foreign demand as fair. Seaboard estimated sales in all ports between 500,000 and 600,000 bushels, and an improved demand for Manitoba was noted.

In the cash market the demand was spasmodic, being excellent early but falling off later. The pool was backed away and, while wheat was wanted, they were endeavoring to keep the spreads and, when closed, were unchanged to 1-2 better. Supplies are very large, but they are apparently in strong hands and there is no inclination to press sales. Wheat is clearing from the head of the lakes in large volume, averaging between four and five million bushels daily, and this will likely continue for the next two weeks, as vessel brokers report a good demand for tonnage right up to December 10, when navigation is expected to close. Believe wheat can be bought on the dip.

Corn: Grain—Oats and barley held firm although the upturn were not maintained. Trade was rather light with a small demand from shippers. Rye was weak, there being general liquidation in the cash month which affected the deferred. Export business practically nil.

ALDERMEN TO OCCUPY HALL

New City Hall at Port Alberni Is Ready for Occupancy This Week—Other Projects Progressing

CANADIAN LEGION PLANS BUILDING

PORT ALBERNI, Nov. 27.—The bi-monthly meeting of the City Council took place last night, when considerable business was transacted. Aldermen Weaver and Mulcahy were appointed to act with the mayor at the court of revision, which must be held within the next two weeks.

At the last meeting of the council it was suggested that as this city had no memorial in honor of those from this city who gave up their lives in the late war, that certain streets be named after them. A letter was read to the aldermen from the Canadian Legion, taking exception to this proposal, as the association felt it would be daily and continually keeping before the eyes of the people the fact that certain persons were resting in France. Further, as the city changes and time goes on, certain streets may fall into disrepair, which would be disrespectful to their honor. The

NANAIMO TURNS DOWN REQUEST

COUNCIL FAILS TO SEE ANY LOCAL BENEFIT IN DUN- CAN PROPOSALS

Waterworks Committee's Recommendation for Six-Inch Main at Stewart Avenue Is Adopted

NANAIMO, Nov. 27.—The City Council held a brief meeting last evening. On motion of Alderman Ironside the communication received from Duncan last evening, enclosing a resolution which the Duncan Chamber of Commerce had asked the local council to endorse, regarding a new road on the West Coast, was laid on the table indefinitely. In making his motion, Alderman Ironside explained that he could not see where Nanaimo would receive any direct benefit from the road as proposed in the resolution, whereas it did seem that more benefit would accrue to Nanaimo and other districts by other road plans which were being considered. His motion carried.

NEGRO TELLS POLICE HE HAD ESCAPED FROM INSANE ASYLUM IN NEBRASKA

May Possibly Be Victim of Religious Hallucinations—Had Bible With Him

SPOKANE, Nov. 27.—The possibility developed tonight that Elmer Williams, negro, who told police that he killed four persons in Nebraska with a hatchet, was the victim of religious hallucinations. Williams, who had been "flopping" here for five days at a Salvation Army lodging house, was known as the "Preacher." When apprehended, he had a Bible and a newspaper clipping describing the two murders, and his "confession" seemed to be playing on his mind, one officer said.

METCHOSIN FARMERS' INSTITUTE TO HOLD MEETING ON MONDAY

METCHOSIN, Nov. 27.—The annual meeting of the Metchochin Farmers' Institute will be held in the hall on Monday evening next, December 3, at 8 o'clock. The chief business will be the receiving of reports on the year's work and election of officers. Refreshments and the social hour will follow. Donations of cakes being in order.

Two-Year Term For Aldermen Is Contemplated

NANAIMO, Nov. 27.—At last evening's council meeting, it was decided to have a by-law drafted which will provide for the lengthening of term of office of the members of the city council from one to two years, the by-law to be submitted to the ratepayers at the next municipal election. Alderman Ironside introduced a resolution to this effect, which was seconded by Alderman Cavsky, and carried unanimously.

TOYS COLLECTED FOR POOR CHILDREN

CHEMUNUS, Nov. 27.—The Boy Scouts had a busy day on Saturday, when they made a house-to-house canvass for discarded toys. A very generous response was met with. Under the supervision of Mr. J. Brown, scoutmaster, the broken toys will be repaired and ultimately dispatched to brighten the Christmas of other children.

Final Bidding

Yesterday's Hand as Played by Mr. Whitehead

Instead of Spades, and continues to old Clubs without showing the Spade suit. Players in West's position with his holding frequently commit the error of assuming that they should at some stage of the bidding show a four-card Major suit, while holding a strong seven-card Minor, overlooking the fact that a hand that is practically void of two suits should never risk the danger of partner's insisting upon making the four-card suit the trump, which is very likely to happen once the suit is mentioned, particularly in view of the fact that partner may reasonably be assumed to hold two or less cards of the long suit. Another error would be to make a pre-emptive bid in the seven-card suit in disregard of the possibility of partner may hold one or no cards of the suit and sufficient strength and length in the four-card suit to make a free bid if it is not stopped by a pre-emptive bid.

Salient Points of the Play

Raffling Out Losing Cards Before Leading Trumps

Tricks 1 and 2—South, realizing the improbability of Hearts going around a second time, overtook his partner's trick and leads Diamonds on the possible chance of establishing a trick in his partner's suit. North's King played unnecessarily, showed the top of a long sequence.

Tricks 3 to 5—Declaring, leading high and low in Spades, ruffs his only losing side card, leaving but one more trick, a trump trick for the declarer in subsequent play.

YOUNG PEOPLE'S LEAGUE MEETS

DUNCAN, Nov. 27.—The meeting of the Young People's League on Monday evening, in the United Church, was in charge of Miss Etta Hood, vice-president of the literary department.

Rev. W. F. Burns was the speaker, taking as his subject, "The Poetry of the Old Testament." His address was most interesting and enjoyable, the forty members present giving close attention. A vocal solo by Miss C. Owens, "One Sweetly Soliloquy," was much appreciated. The next meeting of the league will be held in the church hall, when the girls of the C.O.I.T. group will present a dramatization of two Bible stories. The annual meeting for election of officers for 1929 will also be held in December.

PROVING HIS POWER

Michael O'Clancy had just been placed in charge of a team of laborers and was not going to lose so good an opportunity of showing his authority.

"Now," he yelled at the men, "you boys are working, and an' I have ye understandin' what's what. Remember, Oi can lick every man of ye in this gang whiniver Oi like."

This piece of information was received without contradiction, but for the exception of one man.

"You can't lick me, Clancy," he said sternly.

"Can't Oi?" thundered the Irishman. "Thin you go to the office an' get yer money, ye dirty spalpeen. Oi'll have no insubordination here."

Burgess Bedtime Stories

The Unfair Hunter

By THORNTON W. BURGESS

Up in his home tree Rusty the Fox Squirrel was peering down at a barking dog and a hunter with a terrible gun. The hunter was looking up in the tree. He had not yet discovered Rusty. He was looking for him, for he knew that he was up in that tree. Rusty was clinging close to the other side of the tree, as he was peering around. Presently the hunter began to walk in a circle around the tree, so that he could see all sides of it. Then Rusty had to move. He had to keep that tree between him and the hunter. The hunter caught a glimpse of him.

"Ha!" he exclaimed. "A Fox Squirrel, and a fat one! He will make a good squirrel stew." He held his gun in readiness to shoot and continued to walk around the tree. By moving quickly he caught a glimpse of Rusty long enough to throw his gun up and shoot. Fortunately, Rusty dodged at that very instant. But the shot tore the bark of the tree and the bang of the gun gave Rusty a terrible fright.

"Mused you that time, old fellow," exclaimed the hunter. "But I'll get you next time."

But there wasn't to be a next time. Rusty watched his chance, and when he had the tree between himself and the hunter he darted down and away to his home. The hunter caught just a glimpse of Rusty's big plume of a tail as it disappeared in the entrance hole.

The hunter knew now that he had no chance of shooting Rusty unless he could get him out of that hole. He examined the tree carefully. Close to the entrance hole, he discovered that down near the bottom of it was a hole, and that the hollow seemed to extend up.

The chances are, said the hunter, talking to his dog, "that if this hollow doesn't go clear up to where that Squirrel is, it'll at least smoke him out."

So the hunter made a little fire in the hollow at the foot of the tree, and on this he put damp leaves, which made a great smoke. Then he stood back to watch the hole where Rusty had disappeared, holding his gun in readiness to shoot Rusty the instant he came out. Can you think of anything more unfair?

Rusty had been smart enough to escape that hunter, but it was now clear that he should be allowed the safety he had been smart enough to win. But there are some people who haven't the least idea of fairness. This is true of many of those who hunt. These hunters are not sportsmen. Sportsmen are always fair. A real sportsman would never hunt away to hunt for someone else and leave Rusty alone. But this hunter was not a sportsman.

By the way, a smoke began to creep out from knotholes and little cracks higher up in the tree. But so far, there was no smoke coming out of the hole into which Rusty had gone. The hunter waited and waited. No Rusty appeared. At last the hunter knew that there was no connection between that hollow where Rusty was and the hollow where the fire was. The smoke hadn't reached Rusty at all. There was no way of getting him out of that tree excepting to go up the tree down, and this was too much of a job. So finally the unfair hunter put out the fire at the foot of the tree, called off his dog and went to hunt for someone else.

The next story: "Buster Bear Is Tempted."

At what age is a man in his prime?

Many a young man old before his time

EVERYBODY will tell you something different. Some people are past their prime by the time they're forty. A few never know what it's like to feel in their prime, and then you talk to some hale and hearty man of 65, and he'll tell you he's been in his prime as long as he can remember.

"I'm still in my prime," he'll declare. "It's all a matter of how well you feel. And that's largely a matter of keeping your system in good working order. Living by regular schedule."

"Nujol helps things function like clockwork. Makes everything normal and regular, just as Nature intends it to be. Nujol is not a medicine. It contains absolutely no medicine or drugs. So it can't possibly upset or disagree with anybody."

"It's just a pure natural substance. It not only keeps an ease of body poisons from forming (we all have them), but aids in their removal. It's these poisons that sap your health and energy, slow you up,

make you old before your time." Start the Nujol habit now—no matter whether you're only 20, or whether you're getting on in years. Buy a bottle today. You'll find Nujol at all drugstores. Perfected by the famous Nujol Laboratories, 26 Broadway, New York. Sold only in sealed packages. Keep up the treatment for the next 3 months—faithfully—and you'll never want to go back to just trudging to luck again.

Have You Heard of Dr. Ballard's "Health Food?"

IN TINS FOR DOGS, CATS AND FOXES. A wonderful balanced ration ready to feed. If you want to give your pet a real treat, order a can today. Made in Canada.

EMBARRASSING MOMENTS

JUST LIKE A WOMAN

They were telling tales of dexterity, and, of course, each of them tried to outdo the man who had spoken last. When one concluded a really remarkable story, another took up the task. "That's nothing," he said. "I know a stonemason with only one arm. "Rubbish!" said the first man. "How could he do his work?" "Very simply," came the astounding response. "He holds the chisel in his teeth and hits himself on the back of the head with a hammer."

DEFENCE TO BE ENTERED TODAY

CHEW LEONG SING AND SEVENTEEN OTHER CHINESE TO TESTIFY AT TRIAL

Assure Case Unlikely to Go to Jury Until Late Tomorrow—Three More Crown Witnesses

The defence in the trial of Chew Leong Sing, who is charged with attempting to murder Wong Lim at the corner of Herald and Douglas Streets on Sunday afternoon, February 5, 1928, will open its case today. Chew Leong Sing and seventeen other witnesses will be called by Mr. Stuart Henderson, counsel for the accused.

The court was informed yesterday afternoon, at 5 o'clock, when the trial was adjourned until 10 o'clock this morning, that it would be impossible for the hearing to be concluded today, and it is not likely the case will be given to the jury until late tomorrow afternoon.

Since the Rex vs. Chew Leong Sing second trial commenced Monday morning, Mr. W. H. Bullock-Walker, Crown prosecutor, has placed seventeen witnesses in the box. Those who testified yesterday were Lim Quai Tai, Wai Wai, Chang Chong Hoy, Lem Dak, Yip Wing, Jack Yip and Chief of Police John Fry.

Three Crown witnesses will be on the stand this morning, after which the Crown will rest its case, and the accused will enter his defence. The court proceedings are being followed by a large gallery of spectators, many of whom are Chinese.

Shakespeare's Work Featured Over KOMO

One of the most interesting and educational programmes of the season for KOMO listeners will be given this evening, at 10 o'clock, which will consist entirely of music inspired by Shakespeare's writings. Many of our most famous composers have written music with the setting of Shakespearean lyrics. However, as far as can be ascertained, the only music published with the setting of Shakespearean lyrics during his lifetime are "O Mistress Mine" from "Twelfth Night" and "It Was a Lover and His Lass" from "As You Like It". The original accompaniments, of course, were not handed down in written form but the lyrics lingered on and were written as we now have it a short time after Shakespeare's death. These two numbers will be given by the Totem Mixed Quartette. The Scherzo and Intermezzo from Shakespeare's "Midsummer Night's Dream," written by Mendelssohn, will be given by the Totem Concert Orchestra. Probably one of the most unusual and interesting numbers will be the baritone solo offering of Shakespeare's "Hamlet's Soliloquy." "Hamlet's Soliloquy" has been made famous by men of fine dramatic ability but seldom has it been sung. It was set to music a short time after Shakespeare's death but the composer's name is unknown. Walter Resenberg will offer "Hamlet's Soliloquy."

Hawaiian Artists Broadcast Tonight

Monique Thomas and her Hawaiian Sunshine Band will be featured in instrumental novelties on a programme of Hawaiian music being broadcast over northwest stations of the A.B.C. Chain this evening at 8 o'clock, Pacific standard time. In this programme the story of Hawaii, the enchanted island, is told in song and story and the famous Hawaiian song of farewell, "Aloha Oe," is played as the closing number.

The weird strains of "The Wolf," a dramatic English song will open the joint song recital of G. Donald Gray, baritone, and Sydney Dixon, tenor, at 8:30 o'clock this evening, when they broadcast a programme of ballad numbers. This number will be sung as a baritone solo by G. Donald Gray and as the ever-popular "Vale," "The Portent Hunter," and "Simon the Cellarer," a rollicking old English song.

Sydney Dixon, tenor, has programmed a group of solos which include "Golden Moon" by Rolf, "The Green Eyed Dragon" by Charles and "My Green Cathedral" by Hahn.

The programme will close with a duet by Gray and Dixon singing "Swear in This Hour," a composition by Verdi.

John Marsh is the pianist accompanying this programme which will be released by northwest stations of the A.B.C. Chain including KJR, Seattle; KNX, Portland and KGAA, Spokane.

They were a middle-aged couple in the tube train, and the wrangle went on until the man noticed that some of their fellow-passengers were becoming interested in the altercation. "Well, dry up now," he said in a weary voice. "Why quarrel in public? What have we got a home for?"

All About Santa Claus

Who Is Coming to Spencer's Soon

On a great lawn in the centre of the Kingdom of Christmas, is a military camp. The rows and rows of white tents, the lines of cannon and horses and wagons, and the sentries, marching up and down to the sound of trumpets makes a wonderful sight.

The camp is in charge of General Brown Bunny, commander of the Army of Fairyland, and a relative of Mr. Rabbit. He is very forceful and soldierly-looking, with his bright red belt and flashing sword, and he talks with a booming voice, and walks in a very important manner.

Does he not train all the toy soldiers sent to the Earth Children at Christmas?

One of the hardest of his tasks is to keep the soldiers from fighting amongst themselves. You see, soldiers are trained to be so fierce that the tiniest little thing will cause a quarrel. Suppose, for instance, a cavalry soldier (that is a soldier with a horse), met an infantry soldier (that is a soldier who does nothing but walk and carry a gun), and the infantry soldier said to the cavalryman: "Ho, ho! I plainly see that the reason you ride a horse is to take you away from a fight the faster! Just joking, you know. But immediately the cavalryman would flash out his sword and fly at the foot soldier. And then the General would have them separated and put in the guardroom, with only bread and water to eat, until the sharing of their plight made them forget the cause of it.

The day before they start, Father Christmas, along with General Brown Bunny, inspect the soldiers, and then they start their march to Toyland.

(Continued Tomorrow)

DAVID SPENCER LIMITED

Cartoonist Heard On NBC

JOHN Heid, Jr., cartoonist, will voice his views on feminine beauty tomorrow evening at 8 o'clock, Eastern standard time, speaking during the Lehn & Fink Serenade, which is broadcast weekly over the NBC system from WJZ, New York. In addition to the talk by Mr. Heid there will be musical programme by a novelty orchestra under the direction of Jack Shikret, and numbers by a male quartette. Instrumental solos will complete the entertainment. The serenade will be heard through fourteen stations in addition to WJZ: WBZ, Springfield; WBZA, Boston; WRAL, Raleigh; WHAM, Rochester; KDKA, Pittsburgh; WJR, Detroit; WLW, Cincinnati; KWK, Chicago; KWK, St. Louis; WREN, Kansas City; KVOO, Tulsa; WPA, Dallas-Fort Worth; KPRC, Houston, and WOAI, San Antonio.

Monarch Brand Art Silk and Wool Socks in fancy checks and assorted colors. Soft and comfortable to wear. A pair 65c

Or 2 pairs for \$1.25

—Men's Furnishings, Main Floor

Health and Diet Advice

By DR. FRANK MCCOY

FRACTURES AND BROKEN BONES

(Continued)

It is better not to try to remove the clothing from the injured part before the arrival of a doctor unless the patient is bleeding profusely. Bleeding should be stopped by pressure; if from an artery, the pressure should be close to the wound between it and the heart; if from a vein, the pressure should be close to the wound with the wound between the point of pressure and the heart. Arterial blood comes out in jets from the direction of the heart, and venous blood in a steady stream from the direction of the extremities.

A broken back is very serious and may cause death unless handled by an expert. No attempt should ever be made to turn the patient with a broken back over on his face. The best position is directly on the back until a doctor can make a careful inspection.

In fracture of the skull there is nothing that non-medical aid can do except to keep the patient on his back with the head slightly raised and apply cold compresses to the

injury. If the surgeon is greatly delayed, it may be advisable to administer castor oil to clean out the bowels.

Compound fractures should be splinted as are simple fractures and in addition, great care must be exercised to keep the wound clean. Plain boiled water may be used to wash away the dirt. One must be careful to keep the jagged edges of

the broken bone from doing more damage.

In most fractures it is advisable to apply cold compresses to assist in reducing the swelling until the doctor is able to make his examination.

Never attempt to transport a person with a broken long bone without the support of a splint. If you should be injured, yourself, where no help is to be had, you should use the same methods of splinting that you should on another person before you attempt to travel.

The after treatment of fractures must be handled by a doctor or hospital. The condition is too serious for amateurs to attempt treatment. However, should you be out in the wilderness where no doctor is obtainable, you should pad padded splints about the injury and stretch the injured limb in as normal a position as possible.

The site of the injury may be treated with cool wet compresses. The diet should consist for the first week almost exclusively of raw fruits and non-starchy vegetables. In practically every fracture of a long bone it is necessary for the surgeon to use a stretching process termed "extension" to prevent a shortening of the limb or overlapping of the bones.

Some people have abnormally brittle bones. This is because of wrong feeding. When we learn to live properly, our bones will not be

over-brittle and should a break occur, the knitting together will take place rapidly.

After the break has healed there may be a kind of neuritic pain for a long time. This can best be treated with alternate hot and cold applications or deep therapy lamp and massage. Should the bone be allowed to heal in a wrong position, it cannot be straightened unless it is surgically broken again and properly reset.

Correspondents wishing to communicate with Dr. McCoy are advised that his address is Builders Exchange Building, Los Angeles, California, U.S.A.

It seems to be the rule that the bigger the home the fewer the occupants.

International Dairy Exhibition to Go to Toronto Next Year

TORONTO, Nov. 27.—The International Dairy Exhibition, heretofore held in the United States, will be held at Toronto on October 21, 1929. It was announced at the annual meeting of the National Dairy Council here yesterday.

The exhibition was held at Cleveland, Ohio, last October, and 22,000,000 worth of machinery was displayed, covering seven acres of floor space.

In conjunction with the exhibition, the annual convention of the International Milk Dealers Association and the International Ice Cream Manufacturers will be held.

At First Signs of Pimples Use Cuticura

Ancient gently with Cuticura Ointment. After five minutes bathe with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring. Regular use of Cuticura Soap and Ointment soothes and comforts tender, sensitive skins and keeps them clear, healthy and attractive.

Sample Soap Free by Mail. Address: Canadian Distributors, Ltd., Montreal. Price: Soap 25c. Ointment 50c. Cuticura Skating Stick 25c.
